Beginning at a stone bound in the Northwesterly street line of Samoset Street as laid out in behalf of the Town of Plymouth by the Massachusetts Department of Public Works on April 13, 1948; thence westerly and northerly by a curve having a radius of 10.00 feet and a length of 24.48 feet to a stone bound; thence North 11° 22' 09" East, 147.36 feet to a stone bound; thence North 78° 37' 51" West, 40.00 feet to a stone bound; thence South 11° 22' 09" West, 214.02 feet to a stone bound; thence Southwesterly by a curve having a radius of 25.00 feet and a length of 17.35 feet to a stone bound which stone bound bears South 51° 08' 23" West from and is distant 99.22 feet from the beginning stone bound. The above-described parcel is shown on a plan entitled, "Town of Plymouth, Proposed Abandonment of a Portion of Samoset St., Scale: 1 in = 40 feet, Jan. 21, 1970, Edward Chase, Town Engineer."

ARTICLE 23. To see if the Town will vote to raise and appropriate a sum of money for the construction of an Administration Building at the Plymouth Municipal Airport, or take any other action relative thereto.

Plymouth Airport Commission

\$39,000 — APPROVED: \$8,000 from Airport Revolving Fund; 31,000 from Stabilization Fund; with entire amount to be repaid by the Airport Commission within 10 years from proceeds of the revolving fund.

Voted (Unanimously) That the Town raise and appropriate the sum of \$39,000, for the construction of an Administration Building at the Plymouth Municipal Air-

port; and that to raise this sum, \$8,000 be appropriated from the Airport Revolving Fund and \$31,000 be appropriated from the Stabilization Fund; and that the entire amount appropriated from the Stabilization Fund be repaid to the Town by the Airport Commission within ten (10) years, from the proceeds of the Airport Revolving Fund.

ARTICLE 24. To see if the Town will vote to appropriate from the sale of Cemetery Lots and Graves Fund, the sum of Three Thousand Dollars (\$3000.00) to be expended by the Board of Cemetery Commissioners for the embellishment and improvement of the cemeteries.

Cemetery

\$3,000 — APPROVED: Required to make use of income from sale of cemetery lots.

Voted: That the Town appropriate from the sale of Cemetery Lots and Graves Fund the sum of \$3,000, to be expended by the Board of Cemetery Commissioners for the embellishment and improvement of the cemeteries.

ARTICLE 25. To see if the Town will raise and appropriate a sum of money to purchase one 1970 Platform Dump Truck for the Plymouth Tree Department and dispose of one 1964 International Dump Truck now in use, less winch which is to be transferred to the new truck.

Tree Department

\$7,494 APPROVED: Present truck is in bad condition. This has been on Capital Outlay Reports. (Trade-in allowance of \$1,990).

Voted: That the Town raise and appropriate the sum of \$7,494 to purchase one (1) 1970 Platform Dump Truck for the Plymouth Tree Department and dispose of one (1) 1964 International Dump Truck now in use, less winch which is to be transferred to the new truck.

ARTICLE 26. To see if the Town will vote to authorize the Water Commissioners to construct a booster pumping station, pipe line, steel water storage tank and necessary appurtenances for the Rocky Hill High Service System and raise and appropriate a sum of money therefor, or take any action relative thereto.

Water Department

\$350,000 — APPROVED: Finance by bond issue of \$300,000 over ten-year period. This will replace maturing bonds 1970 and 1971. Appropriate \$50,000 from Stabilization fund. This project essential to adequate water service — is part of overall engineering plan.

Voted: (Unanimously) That the Town raise and appropriate the sum of \$350,000 for the construction of a standpipe, building for a pumping station, including original pumping station equipment, and for laying and relaying water mains of not less than six inches for the Rocky Hill High Service System; that to raise this appropriation \$50,000 is appropriated from the Stabilization Fund and the treasurer with the approval of the Selectmen is authorized to issue \$300,000 bonds or notes payable in not more than ten years from their dates; and that the Water Commissioners are authorized to take all action necessary to carry out the project.

By Petition: Thomas F. Quinn, et al

DISAPPROVED: Elimination of area restrictions for motels is inappropriate to best interests of Town development.

Mr. Montanari moved that the Town amend the Town of Plymouth Zoning By-Law as amended July 3, 1968 and May 29, 1969, by deleting Paragraph 2-d excepting the words "Hotel or Motel" under Section III-G Waterfront District. Motion was lost.

ARTICLE 65. To see if the Town will vote to amend the Town of Plymouth Zoning Map No. 2, dated February 5, 1968, by changing from R-C Residential District to commercial District that area on the Southwesterly side of Court Street between the original commercial zone at Clyfton Street and the Commercial Zone near Samoset Street, to a depth of two hundred feet from Court Street.

By Petition: Thomas F. Quinn, et al

DISAPPROVED: Major objection by abutters.

Mr. Montanari moved that the Town amend the Town of Plymouth Zoning Map No. 2 dated February 5, 1968, by changing from R-C Residential District to Commercial District that area on the Southwesterly side of Court Street between the original commercial zone at Clyfton Street and the Commercial Zone near Samoset Street, to a depth of two hundred feet from Court Street. Motion was lost.

ARTICLE 66. To see what action the Town will take to amend the Town of Plymouth Zoning By-Law dated July 5, 1951, as amended to July 3, 1968 by adding to Section III-A, Residential R-A, R-B, and R-C Districts — 2. the following: In R-C only, Multi-family dwelling. 1. The lot to be a minimum of two acres plus an additional 3000 square feet for

each additional apartment in excess of the first eight apartments. 2. No part of any building shall be located nearer than fifty feet to a lot line or street line.

By Petition: John P. Ryan, et al

DISAPPROVED: Character of neighborhood would be substantially altered. Multiple dwelling units should not be given carte blanche approval throughout present R-C areas.

Mr. Ryan moved that the Town amend the Town of Plymouth Zoning By-Law dated July 5, 1951, as amended to July 3, 1968 by adding to Section III-A, Residential R-A, R-B, and R-C Districts — 2. the following: In R-C only, Multi-family dwelling. 1. The lot to be a minimum of two acres plus an additional 3,000 square feet for each additional apartment in excess of the first eight apartments. 2. No part of any building shall be located nearer than fifty feet to a lot line or street line. Motion was lost.

- j. Multi-family dwelling, in R-C Residential District only, within the following boundaries: Ocean to the East; South Street, Fremont Street and Stephen's Lane to the South; Expressway to the West and Kingston town line to the North.

Motion was lost.

Mr. Benea withdraws his motion on Article 60.

Mr. Tinti moved to adjourn, but the motion was lost.

ARTICLE FIFTY-FOUR

Mr. Weaver moved that the Study Committee on Organization of the Town Government, having submitted its Final Report, be discharged and the Moderator be instructed to appoint a Charter Commission Steering Committee, consisting of five members from each precinct, whose sole duty it would be to obtain the necessary number of signatures

on a petition to place on the ballot at the next Annual Town Election the question "Shall a Commission be elected to frame a Charter for the Town of Plymouth" and appropriate the sum of \$100 for expenses.

At 11:38 o'clock P.M., Mr. Wilson moved to adjourn to Friday, April 3, 1970 at 7:30 o'clock P.M., it was so voted.

ADJOURNED TOWN MEETING, APRIL 6, 1970

The Meeting was called to order by the Moderator Reuben M. Winokur at 7:45 o'clock P.M.

The number of Town Meeting Members present April 3, 1970 was 156 as reported by records of checkers, Robert Marvelli and Alton Leeson. The Moderator declared a quorum present.

Mr. Tracinka moved that the Town reconsider Article 10, and it was so voted.

ARTICLE TEN

Mr. Tracinka moved that the Town raise and appropriate a sum of \$96.77 to meet a payment contracted by the Police Department prior to January 1, 1970, for services to portable radios. This work was done by Bell & Howell Communications Company of Waltham, Mass. It was Voted Unanimously.

ARTICLE 67. To see if the Town will authorize the Water Commissioners to lay water mains of not less than 8-inch diameter in Silver Birch Avenue from the State Highway in an easterly and southerly direction, for a distance of 1400 feet approximately and make an appropriation therefor, to acquire necessary easements, or take any other action relative thereto.

By Petition: Leo W. Terrio, Jr., et al

\$14,000 — APPROVED: Badly needed for basic water supply.

Voted: (Unanimously) That the Town authorize the Water Commissioners to lay water mains of not less than 8-inch diameter in Silver Birch Avenue from the State Highway in an easterly and southerly direction, for a distance of 1,400 feet approximately and raise and appropriate the

sum of \$14,000 therefor, provided necessary easements are given to the Town.

ARTICLE 68. To see if the Town will authorize the Water Commissioners to lay mains of not less than 6-inch diameter in the Meadow Glen Section of White Horse Beach, formerly Hyde Field, from Avenue "B" and "C" for a distance of 2100 feet approximately, provided necessary easements are given to the Town of Plymouth, and raise and appropriate a sum of money therefor.

By Petition: Sarah Nagle, et al

\$17,200 — APPROVED: Water is a major problem here and should be made available. Present state of water supply is near emergency proportions. Not town ways but may never be — good example of the exception to this rule.

Voted: (Unanimously) That the Town authorize the Water Commissioners to lay mains of not less than 6-inch diameter in the Meadow Glen Section of White Horse Beach, formerly Hyde Field, from Avenue "B" and "C" for a distance of 2,100 feet approximately, provided necessary easements are given to the Town of Plymouth, and raise and appropriate the sum of \$17,200, therefor.

Mr. Brewster read the report of the Water Department pertaining to the above article.

ARTICLE 69. To see if the Town will vote to purchase two parcels of land lying on the easterly side of Sandwich Street, further described as Lot 17C and Lot 23 of the Assessors Map, Town of Plymouth, and raise and appropriate a sum of money for the expenses of acquisition of land, acquiring title and apportionment of taxes, or take any other action relative thereto.

By Petition: Walter B. Haskell, et al

\$15,000 — Recommendation at Town Meeting.

Voted: 88 in the affirmative, 37 in the negative a two-thirds vote. That the Town purchase for municipal purposes two parcels of land lying on the easterly side of Sandwich Street, further described as Lot 17C of Plat 23 of the Assessor's Map of the Town containing about .59 acres and described in Plymouth Deeds, Book 1533, Page 132 and Lot 23 of Plat 23 of the Assessors' Map of the Town containing about .83 acres and described in Book 1268, Page 212; and

raise and appropriate the sum of \$15,000 therefor. This property to be under the control of the Selectmen.

ARTICLE 70. To see if the Town will adopt a by-law directing the Board of Assessors of the Town to draw up a list of all taxable property in the Town, and to have said list published together with the name of the owner of said property and the amount paid in taxes for the property. Said listed report to be available at cost to all property owners of the Town of Plymouth and said list to be updated and revised on each succeeding year.

By Petition: Merrill W. Wood, et al

DISAPPROVED — Information is presently available even by telephone. Cost of books estimated at from \$10 to \$20 each.

No action taken on Article 70.

ARTICLE 71. To see what action the Town will take with respect to provisions or acquisition of land and development thereof and transfer of such land to the Commonwealth of Massachusetts for the purpose of construction and operation of a public recreational facility by the Commonwealth, and to raise and appropriate a sum of money for this purpose, and to determine whether such appropriation shall be raised by borrowing or otherwise, and to take any other action relative thereto.

By Petition: Richard Withington, et al

Not an issue at this writing because State has withdrawn its intent to build in this area. May be reactivated.

Voted: That the Moderator appoint a Committee of five (5) to study the desirability of acquiring land for transfer to the Commonwealth of Massachusetts for the purpose of construction and operation of a public recreational facility by the Commonwealth, study desirable locations and prices therefor and meet with the proper officials of the Commonwealth with a view towards locating such a facility in the Town of Plymouth in the near future, and make an appropriation of \$200 for the use of this Committee; said Committee to file its report with the Town Clerk on or before November 1, 1970.

ARTICLE 72. To see if the Town will raise and appropriate a sum of money to be used in conjunction with the

State appropriation, now available, for weed control at Billington Sea.

By Petition: Horace Genovese, et al

\$2,500 — DISAPPROVED: Sufficient doubt regarding safety of chemicals exists to ban their use. Mechanical means suggested with volunteer labor.

No action taken on Article 72.

ARTICLE 73. To see what action the Town will take relative to the report and recommendations of the Six Ponds Improvement Association, and to make any appropriation therefor, or take any action relative thereto.

By Petition: Douglas C. Thurber, et al

\$200 — Approve establishment of committee to be made up of one Park, one Selectman, one Public Safety and one Conservation Commission man and that they be appointed by the Moderator to draft comprehensive Town Pond Bylaws.

Voted: That the Town establish a Study Committee to draft comprehensive Town Pond By-Laws; to be made up of one Park Commissioner, one Selectman, one Public Safety Commissioner, one Conservation Commissioner, one Harbor Committeeman and two citizens, to be appointed by the Moderator and to raise and appropriate the sum of \$200 for expenses of said Committee.

ARTICLE 74. To see if the Town will vote to change the name of so-called Middleboro Road, also known as Route 44, Carver Road and Darby Road — ‘to be known as Darby Road,’ starting at the junction of Seven Hills Road, Samoset Street (which is part of Route 44) and Carver Road also known as Sparrow Hill Road and continuing to the Town of Carver’s town line, where it meets Wenham Street in the Town of Carver.

By Petition: Alvin R. Tavares, et al

APPROVED: Darby Road more in keeping with history and tradition of Town.

Voted: That the Town change the name of so-called Middleboro Road, also known as Route 44, Carver Road and Darby Road — “to be known as Darby Road,” starting at the junction of Seven Hills Road, Samoset Street (which is

part of Route 44) and Carver Road also known as Sparrow Hill Road and continuing to the Town of Carver's town line, where it meets Wenham Street in the Town of Carver.

ARTICLE 75. To see if the Town will vote to adopt the following by-law: All Town-owned vehicles shall be marked with the name of the Town, the department to which it belongs, the vehicle number and name of its governing body, the lettering shall be at least one (1) inch high and shall be on both left and right hand front door, except vehicles of the Police Department designated by the Public Safety Commissioners.

By Petition: Alvin R. Tavares, et al

APPROVED: Generally in effect now — should be codified.

Mr. Rose moved that the Town adopt the following by-law: All Town-owned vehicles shall be marked with the name of the Town, the department to which it belongs, the vehicle number and name of its governing body; the lettering shall be at least one (1) inch high and shall be on both left and right hand front door, except vehicles of the Police Department designated by the Public Safety Commissioners.

Mr. Rose moves to amend his motion to strike out "front door" and insert "sides."

Mr. Rose's original motion with his amendment was voted.

ARTICLE 76. To see if the Town will vote to appoint a Committee of eleven (11) to be known as the Municipal Water Committee, to study and make recommendations at the next annual Town Meeting concerning a plan or legal instrument that will enable the Water Department to be self-supporting, without the help of the real estate tax. The Committee shall be composed of two (2) members from each precinct, (if possible one (1) member of each precinct shall be a citizen of the Town not using water supplied by the Town Water Department) and one member from the Water Commissioners, all members to be appointed by the Moderator, and that the Town appropriate a sum of money to defray any cost that may arise.

By Petition: Alvin R. Tavares, et al

APPROVED: Will resolve question of financial independence once and for all — we hope.

Voted: That the Town appoint a Committee of eleven (11) to be known as the Municipal Water Committee, to study and make recommendations at the next annual Town Meeting concerning a plan or legal instrument that will enable the Water Department to be self-supporting, without the help of the real estate tax. The Committee shall be composed of two (2) members from each precinct, (if possible one (1) member of each precinct shall be a citizen of the Town not using water supplied by the Town Water Department) and one member from the Water Commissioners, all members to be appointed by the Moderator, and that the Town appropriate the sum of \$200 for the expenses of this Committee, said Committee to file its report before November 1, 1970.

ARTICLE 77. To see if the Town will vote to amend the zoning by-law and map to provide for the changing from an R-B zone to an R-R zone an area described as follows:

Beginning at the Bourne-Plymouth Town Line and beginning bounded by the Easterly sideline of the State Highway (Rt. 3A); thence 2890 feet, more or less, by the State Highway and by land of Joseph H. Davis, Jr.; thence Northeasterly and Southeasterly 2740 feet, more or less, by land of Joseph H. Davis, Jr., Sea Caper Development Corp., Cedarville Associates, Inc.; thence Southeasterly 1010 feet, more or less, by land of Joseph H. Davis, Jr. and Town of Plymouth to the Bourne-Plymouth Town Line; thence Southwesterly 3220 feet, more or less, by land of Joseph H. Davis, Jr. and Bourne-Plymouth Town Line to the State Highway and point of beginning containing 118, more or less, acres, consisting of Lot 10A Assessors Plat 54.

By Petition: Richard B. L. Hood, et al

DISAPPROVED: Major objection by abutters.

No action on Article 77.

ARTICLE 78. To see if the Town will vote to amend the zoning by-law and map to provide for the changing from an R-C zone to a commercial zone an area described as follows:

Beginning at a point 65 feet, more or less, Northerly of the Northerly side line of Carver Road and bounded as follows: Thence Northwesterly 1485 feet, more or less, by land of Sparrows Hill Realty; thence Northwesterly 168.38 feet by land of Plymouth Water Department; thence Southeasterly 605 feet, more or less, by land of Charles F. and Gladys M. Sherman and land of Ellis W. Brewster to the line of the original commerical district; thence Southwesterly 360 feet, more or less, by land of Sever Realty Trust and in line with the original commercial district; thence Southwesterly by land of Sever Realty Trust 1038 feet, more or less, and in line with the original commercial district and point of beginning containing an area of 8, more or less, acres; Said area being contiguous to commercial zone and consisting of the remaining portion of Lots 1B and 2B Assessors' Plat 103.

By Petition: Richard B. L. Hood, et al

Recommendation at Town Meeting.

No action on Article 78.

ARTICLE 79. To see if the Town will authorize the Selectmen to acquire by purchase or eminent domain the land and buildings thereon, with necessary rights of way, lying between Leyden and Middle Streets, in Plymouth, as shown on a Plan dated January 5, 1970, David M. Crawley Associates Engineers and entitled "Middle Street Parking Lot Addition" for the purpose of constructing a public off-street parking facility; to raise and appropriate a sum of money for the payment of purchase price or damages, apportionment of taxes, expenses of acquiring titles and other incidental expenses, and to determine whether such appropriation shall be raised by borrowing or otherwise, to Petition the Legislature to pass an act authorizing such action, or take any action relative thereto.

Parking and Traffic Study Committee

\$110,000 — APPROVED: \$50,000 Parking Meter receipts — \$60,000 Bond. Continued growth of parking in Plymouth Center is essential. This land addition is designed toward a parking building at some later time. Bond can be paid completely from Parking Meter income.

Mr. Rose moves that the Town vote to raise and appropriate the sum of \$110,000 for acquiring by purchase or eminent domain, for off-street parking purposes, the following

described parcel of land:

Beginning at a concrete bound in the northeasterly location line of Leyden Street, and being in the south-easterly portion of the hereinafter described premises, thence S53° —31' —30" W along said northeasterly location line of Leyden Street 21.83 feet; thence S59° 56' 00" W, again along said Leyden Street 3.62 feet to a spike; thence N28° —07'—10" W, 44.63 feet to a drill hole; thence turning and running along a curving line to the left having a radius of 95.00 feet, a total distance of 57.14 feet to a spike; thence N27° —09' —30" W, 9.67 feet to a drill hole; thence turning and running S69° —51' —47" W, 47.63 feet; thence turning and running N26° —25' —50" W, 39.94 feet; thence turning and running S61° —59' —10" W, 6.51 feet; thence turning and running N25° —08' —30" W, 49.73 feet; thence turning and running N62° —31' —00" E, 56.58 feet to a stone bound; thence S24° —39' —00" E, 44.35 feet to a concrete bound; thence N65° —30' —00" E, 74.88 feet to a concrete bound; thence S25° —21' —30" E, 127.95 feet to the point of beginning.

that to raise this appropriation \$50,000 is transferred from parking meter receipts of which \$45,000 will be taken from street meter receipts and \$5,000 from the receipts of the Middle Street Parking Lot and the treasurer with the approval of the Selectmen is authorized to borrow \$60,000 under G.L. c. 44 s. 7(3) as amended; and that the Selectmen are authorized to take all action necessary to carry out this vote.

This motion was not passed.

The report of the Parking & Traffic Committee was read and filed.

ARTICLE 80. To see if the Town will authorize the Selectmen to construct a raised off-street parking facility for approximately 66 vehicles on the existing public off-street parking facility at Middle Street in Plymouth in conjunction with the additional land to be acquired by the Town under Article 79 of this warrant; to raise and appropriate a sum of money for the purpose of construction, architec-

tural and engineering fees and other expenses; and to determine whether such appropriation shall be raised by borrowing or otherwise, to Petition the Legislature to pass an act authorizing such action, or take any action relative thereto.

Parking and Traffic Study Committee

\$100,000 — No Action at this time. See Article 79.

No action taken on Article 80.

ARTICLE 81. To see if the Town will vote to authorize the Municipal Garage Facility Study Committee to utilize a parcel of land in the Town Forest for the purpose of establishing and constructing a Municipal Garage Repair and Service facility.

Committee to Study Construction of Consolidated Town Vehicle Facility

APPROVED: Land portion of Garage project. See Article 82.

Voted: 135 voting in the affirmative, 8 in the negative. That the Town authorize the Municipal Garage Facility Study Committee to utilize a parcel of land in the Town Forest for the purpose of establishing and constructing a Municipal Garage Repair and Service Facility; said parcel of land is more particularly described as follows:

Beginning at a stone corner on the southerly side of the Cook's Pond Road, so-called; thence running by said road easterly to the South Pond Road; thence southerly by said road to the Plymouth Town Forest land; thence northerly by said Town Forest land, to the point of beginning.

ARTICLE 82. To see if the Town will vote to raise and appropriate a sum of money to construct a Municipal Garage Repair and Service facility, and to determine whether such appropriation shall be raised by borrowing or otherwise, or take any other action relative thereto.

Committee to Study Construction of Consolidated Town Vehicle Facility

\$100,000 — APPROVED: Appropriation from Stabilization Fund. Municipal Garage is badly needed for Highway and Tree Departments. Present building is totally inadequate. Development of these core facilities will permit use by

other Departments at much less cost over a period of time as they phase out their present facilities.

Voted: 135 voting in the affirmative, 1 in the negative. That the Town raise and appropriate the sum of \$90,000, to construct a Municipal Garage Repair and Service facility, and that this appropriation come from the Stabilization Fund; that it be constructed on the land described in Article 81; this facility to be built under the jurisdiction of the Municipal Garage Facility Study Committee.

Mr. Rose moved to act on Articles 5 & 7, Motion was passed.

Mr. Freeman moved that the Town accept the following and it was so voted.

ARTICLE FIVE

Mr. Freeman moved that the Town of Plymouth accept collective bargaining agreements signed by the members of the Board of Selectmen and by representatives of Town employee bargaining units as follows:

1. an agreement dated the 18th day of March, 1970 with Local 1768, International Association of Fire Fighters, AFL-CIO and signed in behalf of the Local by Andrew J. Flynn and George W. Butters, bargaining agents;
2. an agreement dated the 25th day of March, 1970 with Local 1700, State Council 41, American Federation of State, County and Municipal Employees AFL-CIO and signed by Warren H. Smith, Chairman, Local 1700; Edward J. Harrington, State Council 41, and Marcel E. DeCost, treasurer, Local 1700:

that the Town of Plymouth Personnel Bylaw be amended by striking from the 1969 Personnel Bylaw, Section 1, references to previous agreements with the above said bargaining units and substituting therefor as appropriate reference to the above said agreements;
that the 1969 Personnel Bylaw be further amended

by incorporating changes described in a report of the Personnel Board dated April 1, 1970 and titled Proposed Revisions of the 1969 Personnel Bylaw for the 1970 Annual Town Meeting: and, further, that the 1969 Personnel Bylaw together with all amendments as above be adopted as the Town of Plymouth 1970 Personnel Bylaw.

ARTICLE SEVEN

Mr. Fortini moved to amend Article 7, Item 9 by substituting the figure \$7,772.00 for the figure \$3,372.00. Motion passed.

Mr. Withington moved to amend Article 7, Item 38—Police Salaries and Wages, by substituting the figure of \$330.823.00 for the figure of \$312,799. Motion passed.

Mr. Bowler moved to adjourn at 11:45 o'clock P.M. until Monday, April 6, 1970 at 7:30 o'clock P.M.

ADJOURNED TOWN MEETING, APRIL 6, 1970

The Meeting was called to order by the Moderator Reuben M. Winokur at 7:45 o'clock P.M.

The number of Town Meeting Members present April 6, 1970 was 158 as reported by records of checkers, Robert Marvelli and Alton Leeson. The Moderator declared a quorum present.

ADJOURNED TOWN MEETING, APRIL 3, 1970

ARTICLE 39

Dr. Duby moved that the Town raise and appropriate the sum of \$7,000.00 to construct a garage to house the garbage trucks; said appropriation to be under the direction of the Commission of Public Safety. This motion not passed.

ARTICLE 83. To see what action the Town will take on the report and recommendations of the "350th Anniversary Committee" of the Town, to authorize a Bill to be filed in the Legislature, to make all necessary appropriations therefor, or take any action relative thereto.

Plymouth 350th Anniversary Committee

\$25,000 — APPROVED: For one year 1970 only — Town's involvement in this project should be established so that additional funds can be obtained from other sources.

Mr. Rose moved that the Town raise and appropriate the sum of \$25,000 for the expenses of the 350th Anniversary of Plymouth; said appropriation to be expended under the direction of the Board of Selectmen.

Mr. Barrett moved to amend the motion of Mr. Rose by substituting the following:

That the Town raise and appropriate the sum of \$12,500 for the expenses of the 350th Anniversary of Plymouth; that this amount be retained by the Town until \$12,500 has been deposited with the Town treasurer representing private contributions to the 350th Anniversary Committee for the Anniversary celebration; that the full amount of \$25,000 be expended under the direction of the 350th Anniversary committee of the Town for the Anniversary celebration; and that the Anniversary celebration officially end on or before December 30, 1970 without prejudice to the right of the 350th Anniversary Committee of the Town to continue activities beyond the official end of the celebration provided no further funds are requested of the Town.

Mr. Barrett's motion was lost. Voting on Mr. Rose's motion, 108 in the affirmative, 16 in the negative, motion was passed.

ARTICLE 84. To see if the Town will vote to raise and appropriate a sum of money for the purpose of excavating the site of the former Stephen Deane Grist Mill located in Morton Park and thereafter to construct a replica of the Grist Mill at said location; to authorize necessary Bills to be filed in the Legislature, or take any action relative thereto.

TOWN OF PLYMOUTH
REPORT OF THE ADVISORY AND FINANCE COMMITTEE
on the
ARTICLES IN THE TOWN WARRANT, MARCH 28, 1970

Based on present estimates our tax rate position should be stable for this year, not because of any reduction in spending, but because, for the first time, the increase in spending will keep pace with the increase in evaluation.

Labor costs are the prime area of increase since payroll represents up to 80% of the costs for many Departments. The results of collective bargaining are not in at this time.

Some very large expenditures are listed for this year, but financial planning should offset a major effect on our tax rate. One vehicle to be used is borrowing which, historically, has been one of Plymouth's less frequently used spending tools. We have one of the lowest per capita debts in the State. Currently inflationary costs are outstripping interest rates so that we believe our recommendations are prudently made.

We do not propose an increase in debt but a continuation of the present level by replacing retiring debt with new notes. In 1970 we will retire \$30,000 in debt. In 1971 we will retire \$60,000 (all water). Our recommendations are based on these retirements.

Non Financial questions such as Zoning have occupied much of our time this year. The challenges to our recent comprehensive Zoning By-Law change are particularly disturbing. We recognize the need for orderly change as the Town grows; but many proposals before us appear to be premature to orderly change and unrelated to the general best interests of the Town.

We have had an excellent year of cooperation with all of the Departments. The role of Finance Committee men as constructive partners in the development of Town affairs has led to a healthy relationship. We have been able to exercise our responsibilities to the Town without alienating the cooperation of those who also have responsibilities to fulfill. We hope that this relationship will continue to grow.

SPECIAL REPORT ON
ARTICLE 89 OF THE 1969 WARRANT

On a motion by Mr. Freeman, the Town Meeting instructed the Committee to investigate certain areas of opportunity for financial benefit within Town Operations. A summary report follows:

1. Investment of Funds:—

The Treasurer presently invests at the highest interest rate permitted. The Cemetery funds are administered in such a way that at present the highest yield is not possible. On advice of the Director, Bureau of Accounts, a revision in the Commission's procedures has been fashioned to gain higher yield. We recommend institution of those revised procedures forthwith by the Treasurer and Commission.

2. The relationship of free cash, stabilization funds and borrowing is of concern and requires continued study; however, the advent of fiscal year change and its effects on the Town necessitate a delay in formation of such a plan. We recommend that this be a major concern of the Capitol Outlay Expenditures Committee who already have become involved in such matters.

3. The establishment of centralized purchasing is not feasible without major statutory and by-law change. The bulk of this conclusion is explained by the 1969 Town Government Study Report. Only an informal agreement could be reached at this time, and we believe that would constitute no agreement at all. It is recommended that Centralized Purchasing be included in any Town Government change by charter or act in any overall consideration of general centralization.

4. The establishment of water assessments, voluntarily accepted by petitioners, has been discussed at length with the Water Commissioners. We recommend that this matter be made a subject of further study by the Committee requested under this Warrant or by the Water Commission itself.

A number of questions of equity need to be resolved.

We have not prepared motions on any of these recommendations since they have already been instituted or are the subjects of other instrumentation.

Chairman

REPORT OF THE PERSONNEL BOARD

The Plymouth Personnel Board held thirteen meetings during 1970 in which the principal business was the development of recommendations for changes in the Personnel Bylaw employee collective bargaining agreements, the assignment of job classifications to new employees and the re-evaluation and assignment of new compensation grades to certain positions. In April, Mr. J. Mason Washburn resigned from the Board and Mr. Victor A. Shiff was appointed to the vacancy by the Moderator. At its annual organizational meeting in May, the Board elected Mr. David B. Freeman, chairman; Mr. David C. Maffini, vice chairman, and Mrs. Vincent Zupperoli, secretary.

A revision of the Town of Plymouth Personnel Bylaw including the Classification and Compensation Plan and employee bargaining agreements was approved in part at the Annual Town Meeting and in part at a Special Town Meeting on June 25. The principal changes compared with the 1969 Bylaw provisions were as follows:

1. Schedule A — Classification of Positions by Occupational Groups
 - a. Clerical Group
added Junior Clerk (Probationary) at \$75.00 per week;
changed compensation grade designations from S-1, S-5, S-6, S-7, S-8 and S-9 with annual pay rates to designations C-1 through C-6 with weekly pay rates.
 - b. Library Group
transferred Library Custodian S-9 from Custodial Group and added Principal Library Assistant S-6.
 - c. Custodial and Labor Groups
changed compensation grade designations in Section 11 from S-8, S-9, S-10, S-11, S-15 and S-16 to H-1, H-2, H-3, H-4, H-8 and H-9 respectively and added compensation grades H-5 and H-9A to accommodate the transfer of the Assistant Plant Operator and Plant Operator from the Administrative Group to the Labor Group at hourly rates as a result of their joining the Local 1700 bargaining unit;
added Assistant Pumping Station Operator W-3a.

- d. Administrative Group transferred to this classification from the Miscellaneous Group the Executive Secretary, Development and Industrial Commission S-24.
2. Schedule B — Annual Salary Schedule.
increased approximately 11.5 per cent.
3. Schedule B-1 — Police Annual Salary Schedule
increased 12.5 per cent to 13 per cent.
4. Schedule B-2 — Fire Department Annual Salary Schedule
increased approximately 11.7 per cent.
5. Schedule C and Section 11 — Labor and Custodial Hourly Wage Schedule
increased 25 cents per hour for 1970 and an additional 20 cents per hour for 1971.
6. Schedule D — Miscellaneous Compensation Schedule
increased generally approximately 11.5 per cent.

Annual clothing (uniform) allowances were increased in the Police Department to \$150.00 and in the Fire Department to \$75.00 for Grade F-1, to \$125.00 for grades F-2 and F-3 and to \$150.00 for grades F-4 and F-5.

Respectfully submitted,

DAVID B. FREEMAN, Chairman

TOWN OF PLYMOUTH
CLASSIFICATION AND COMPENSATION PLAN
AND PERSONNEL BY-LAW

Section 1. Authorization

Pursuant to the authority contained in Sections 108A and 108C of Chapter 41 of the General Laws, there shall be established plans, which may be amended from time to time by vote of the Town at a Town meeting; (a) classifying positions in the service of the Town, other than those filled by popular election, those under the direction and control of the School Committee, those under the jurisdiction of the Board of Retirement, the position of Town Counsel, certain positions for which the compensation is on a fee basis or the incumbents of which render intermittent or casual service and which do not appear in Schedule A of Section 8 following, into groups and classes doing substantially similar work or having substantially equal responsibilities; (b) authorizing a compensation plan for positions in the classification plan; (c) providing for the administration of said classification and compensation plans; and (d) establishing certain working conditions and fringe benefits for employees occupying positions in the classification plan.

The classification of positions which are subject to the Welfare Compensation Plan of the Commonwealth of Massachusetts and the schedule of rates therefor effective January 1, 1965 with subsequent amendments, if any, and the provisions of Section 47D of Chapter 31 of the General Laws relating to the application of rates set forth in the aforementioned Welfare Compensation Plan are hereby incorporated by reference.

Incorporated into and made a part of this By-law by reference are an agreement dated the 25th day of March 1970 and signed by the Board of Selectmen and by representatives of Local 1700, State Council 41, American Federation of State, County and Municipal Employees AFL-CIO; an agreement dated the 6th day of April 1970 and signed by the Board of Selectmen and by representatives of the Town of Plymouth Secretarial-Clerical Association; an agreement dated the 18th day of March 1970 and signed by the Board of Selectmen and by representatives of Local 1768, International Association of Fire Fighters, AFL-CIO; an agreement dated the 6th day of April 1970 and signed by the Board of Selectmen and a representative of the Plymouth Police Department Bargaining Unit.

Section 2. Definitions

As used in this by-law, the following words and phrases shall have the following meanings unless a different construction is clearly required by the context or by the laws of the Commonwealth:

“Town,” the Town of Plymouth.

“Civil Service Law,” Chapter 31 of the General Laws of the Commonwealth, as amended and all rules and regulations made thereunder; and any special law enacted by the General Court regulating the classification, compensation and conditions of employment of officers and employees of the Town under Chapter 31;

“Classification Plan,” class titles of Schedule A of Section 8 of this by-law plus class specifications which are on file with the Personnel Board and which are hereby incorporated by reference;

“Class,” a group of positions in the Town service sufficiently similar in respect to duties and responsibilities so that the same descriptive title may be used to designate each position allocated to the class, that the same qualifications shall be required of the incumbents, that the same tests of fitness may be used to choose qualified employees and that the same scale of compensation can be made to apply with equity;

“Position Class,” same as class (a class may include only one position, in which event it is defined as a “single position class”);

“Group,” an occupational group of classes appearing in Schedule A of Section 8;

“Department Head,” the officer, board or other body having immediate supervision and control of a department;

“Employee,” an employee of the Town occupying a position in the classification plan;

“Department,” any department, board, committee, commission or other agency of the Town subject to this by-law;

“Administrative Authority,” the elected official or board, or the appointed official having jurisdiction over a function or activity;

“Full-time employment,” employment for not less than seven and one-half hours per diem for five days a week for fifty-two weeks per annum, minus legal holidays and authorized vacation leave, sick leave, bereavement leave, and other leave of absence;

which has required or which is likely to require the services of an incumbent without interruption for a period of more than six calendar months, either on a full-time or part-time employment basis;

“Permanent employee,” (1) any employee retained on a continuing basis in a permanent position, as defined above; (2) any employee holding a permanent appointment under Civil Service Law to a position deemed permanent within the meaning of said law;

“Temporary position” or “seasonal position,” any position in the Town service which requires or which is likely to require the services of one incumbent for a period not exceeding six calendar months; a seasonal position requiring less than the work week of its occupation group shall be con-

“Part-time employment,” employment for less than full-time employment, as defined above;

“Continuous employment,” employment uninterrupted except for required military service and for authorized vacation leave, sick leave, bereavement leave, or other leave of absence;

“Full-time employee,” an employee retained in full-time employment; ..

“Part-time employee,” an employee retained in part-time employment;

“Position,” an office or post of employment in the Town service with duties and responsibilities calling for the full-time or part-time employment of one person in the performance and exercise thereof;

“Permanent position,” any position in the Town service considered as part-time;

“Temporary employee,” (1) an employee retained in a temporary or seasonal position as defined above; (2) any employee holding a temporary appointment under Civil Service Law who does not also have permanent status thereunder;

“Intermittent service,” personal service rendered by an employee in a position calling for part-time employment, which service although constituting continuous employment is not rendered during prescribed working hours, daily, weekly or annually, but is rendered as required, according to the demands for such service;

"Casual service," personal service rendered by an employee in a position calling for part-time employment, which service does not constitute continuous employment; this service is rendered occasionally and without regularity according to the demands therefor;

"Compensation Plan," Wage and Salary Schedules in Sections 8 through 11;

"Compensation Grade," a range of salary or wage rates so designated in Sections 8 through 11;

"Rate," a sum of money designated as compensation for hourly, weekly, semi-monthly, monthly or annual personal services;

"Minimum Rate," the rate in a range which is normally the hiring rate of a new employee;

"Maximum Rate," the highest rate in a range which an employee normally is entitled to attain;

"Range," the dollar difference between minimum and maximum rates;

"Personal Rate," a rate above the maximum rate applicable only to a designated employee;

"Step Rate," a rate in a range of a compensation grade;

"Increment," the dollar difference between step rates;

"Promotion," a change from a position of lower class and compensation grade to a position with greater responsibilities in a higher class and compensation grade;

"Board," the Personnel Board as defined in Section 3.

Section 3. Personnel Board

(a) There shall be a Personnel Board consisting of five members responsible for the administration of this By-law including the classification and compensation plans. The membership of the Board shall be as follows: Two members to be appointed by the Advisory and Finance Committee; one member who does not serve the Town in an elective capacity, to be appointed by the Board of Selectmen; two citizens of the Town who do not serve the Town in either an appointive or elective capacity (except that election as a Town Meeting member shall not preclude appointment to the Board), to be appointed by the Moderator. The term of office shall be for three years. Vacancies, other than by expiration of terms, shall be filled in the same manner and by the same authority for the balance of the unexpired term.

(b) The Board shall be invested with all the powers and duties specified in Section 108C of Chapter 41 of the General Laws.

(c) The Board shall administer the plans and shall establish such procedures as it deems necessary for the proper administration thereof.

(d) Forthwith after its appointment and annually, the Board shall meet and organize by electing a chairman and a vice chairman and appointing a secretary. A majority of the Board shall constitute a quorum for the transaction of business. A majority vote of the Board shall determine the action the Board must take in all matters upon which it is authorized or required to pass under this by-law.

(e) The Board may employ assistance and incur expenses as it deems necessary subject to the appropriation of funds therefor.

(f) The Board shall maintain adequate personnel records of all employees occupying positions subject to the classification and compensation plans, said records to be kept in its custody. Department Heads shall provide such information as the Board may request.

(g) The Board shall maintain written job descriptions or specifications of the classes in the classification plan, each consisting of a statement describing the essential nature of the work and the characteristics that distinguish the class from other classes. The description for any class shall be construed solely as a means of identification and not as prescribing what the duties or responsibilities of any position shall be, or as modifying, or in any way affecting, the power of any administrative authority, as otherwise existing, to appoint, to assign duties to, or to direct and control the work of any employee under the jurisdiction of such authority.

(h) Upon recommendation of a department head, supported by evidence in writing of special reasons and exceptional circumstances satisfactory to the Board, the Board may authorize an entrance rate higher than the minimum rate for a position, and/or such other variance in the compensation plan as it may deem necessary for the proper functioning of the services of the Town. No variance shall become effective unless, or until, the necessary funds have been appropriated therefor.

(i) The Board shall make an annual report in writing to the Board of Selectmen on or before February 20 of each year.

Section 4. Classification Plan

(a) All positions in the service of the Town except those excluded in Section 1 are hereby classified by titles appearing in Schedule A of Section 8 which is made a part hereof. These classes of positions shall constitute the Classification Plan for the paid Town service, within the meaning of Section 108A of Chapter 41 of the General Laws, as amended.

(b) Whenever a new position is established, or the duties of an existing position are so changed that in effect a new position is created, upon presentation of substantiating data satisfactory to the Personnel Board, the Board shall allocate such new or changed position to its appropriate class, as hereinafter provided.

(c) The title of each class, as established by the Classification Plan, shall be the official title of every position allocated to the class and the official title of each incumbent of a position so allocated, and shall be used to the exclusion of all others on payrolls, budget estimates and other official records and reports pertaining to the position.

(d) No position may be reclassified or no class may be assigned to a different compensation grade, until the Personnel Board shall have determined such reclassification or such reassignment to be consistent with the classification and compensation plans.

Section 5. Compensation Plan

(a) The Compensation Plan shall consist of Schedules B through D in Section 8 and hourly wage schedules in Sections 9, 10 and 11 which provide minimum and maximum salaries or wages for certain of the classes in the Classification Plan. The salary range of a position class shall be the salary range of all positions allocated to the class.

(b) All employees shall continue to be paid on an hourly, weekly, semimonthly, annual or other basis, as at present, except as provided in the compensation plan, unless otherwise authorized by the Personnel Board.

(c) No department head shall fix the salary of any employee in a position so classified except in accordance with the compensation plan.

(d) No person shall be appointed, employed or paid as an employee in any position subject to the provisions of the classification plan under any title other than those appearing on Schedule A of Section 8 except as provided in Sections 4(b) and 6(c).

(e) An employee in continuous full-time or part-time employment shall receive the increment between his present rate and the next higher step rate as follows:

- (1) On January first or July first provided he has completed thirty weeks service at the minimum or other rate if a rate other than the minimum is authorized as the entrance rate.
- (2) Thereafter one year from the date of his previous increase until he attains the maximum rate of the range of the compensation grade to which his position class is assigned.
- (3) Employees in continuous part-time employment eligible for increments under the provisions of this sub-section shall be those occupying positions in classes for which compensation is provided in Schedule B, B-1, B-2, B-3, or Schedule C of Section 8.

(f) An employee occupying a seasonal position in a class for which compensation is provided in Schedule B, B-1, B-2, B-3, or Schedule C of Section 8 shall receive increments as provided in the preceding sub-section on the basis of thirty weeks employment constituting one year.

(g) An employee receiving a promotion to a vacant position or to a new position as defined in Section 4(b) shall, upon assignment resulting from such promotion, receive the rate in the compensation grade of the vacant or new position next above his existing rate. If the resulting adjustment does not equal \$100.00 annually for a position class assigned to Schedule B, B-1, B-2, B-3, or \$.05 for a position class assigned to Schedule C, the adjustment shall be to the second rate above the existing rate but within the compensation grade of the vacant or new position.

(h) The employee receiving a promotion and adjustment in rate pursuant to the provisions of the preceding sub-section shall receive the next increment of his compensation grade effective the next January or July first following completion of thirty weeks at the rate resulting from the promotion.

(i) If an employee's rate at the time of the adoption of this by-law is in excess of the maximum rate set forth in his appropriate compensation grade in Schedule B, B-1, B-2, B-3, or Schedule C of Section 8 or is in excess of the rate set forth for his position class in Schedule D of Section

8, this rate shall not be reduced, but shall become a personal rate applicable only to said employee as defined in Section 2.

(j) Each department head of a department to which is assigned an employee occupying a position in the classification plan shall include in his estimates required by the provisions of Section 59 of Chapter 41 of the General Laws a pay adjustment section setting forth in detail the amounts which will be required for anticipated pay adjustments during the ensuing year and shall furnish a copy thereof to the Board.

(k) The adjustments provided for in this section shall be subject to the availability of appropriated funds.

Section 6. Amendment of the Plans

(a) The Classification Plan and/or the Compensation Plan and/or other provisions of this By-Law may be amended by vote of the Town at either a regular or a special Town Meeting. Requests for such amendments shall be made to the Board by signed petition. All signed petitions requesting amendments of the Classification Plan and/or the Compensation Plan and/or other provisions of this By-Law must be submitted to the Board no later than four months prior to a regular Town Meeting. Whenever such a petition is received, prior to the said Town Meeting the Board shall hold a hearing to consider such proposed amendment, and the petitioners and the heads of the departments affected shall be given at least three days' written notice. Prior to the next Town Meeting, the Board shall file with the Selectmen for insertion in the warrant for the next Town Meeting an article sufficiently stated to permit the Town to act upon the subject matter of any such petition. At the same time, the Board shall file with the Finance Committee a final report, with recommendations, pertaining to any such petition, provided that no recommendation in favor of a proposed amendment shall be made except by an affirmative vote of three of its members.

(b) The Board may, from time to time of its own motion, hold a hearing to consider any proposed amendment. In the event said proposed amendment is supported by an affirmative vote of three of its members, the Board shall proceed according to the preceding sub-section to insert an article in the warrant and to report its recommendations to the Finance Committee.

(c) In the case of urgent necessity, the Personnel Board may anticipate the formal action of the Town Meeting by

adding a new classification and the salary or wage thereof to the classification and pay plan, and such addition will be effective subject to early ratification by the Town at a Town Meeting.

Section 7. Continuing Review

The Board, from time to time of its own motion, shall investigate the work and standard rates of salaries or wages of any or all positions subject to the provisions of this by-law. Such reviews shall be made at such intervals as the Board deems necessary and, to the extent which the Board considers practicable, shall include all occupational groups in the classification plan.

Section 8. Position Classes: Salary, Wage and Miscellaneous Compensation Schedules

The following schedules, together with class specifications previously incorporated by reference, constitute the classification and compensation plans of the Town as defined in Section 2:

Section 12. Part-time Positions Classified in Labor and Airport Groups

Employees occupying positions in seasonal employment classified as Laborer shall be compensated at the minimum rate for the first year of employment, the middle rate for the second year and the maximum rate for the third year unless approved differently by the Personnel Board.

Employees occupying seasonal positions or positions in part-time continuous employment in other position classes in the Labor and Airport groups shall be compensated for hours worked at the appropriate rates set forth in Schedule C of Section 8.

Section 13. Grievance procedures

Grievance procedures for employees covered by the agreements with Local 1700, AFL-CIO; with Local 1768 (Fire Fighters), AFL-CIO and with the Plymouth Police Department Bargaining Unit respectively shall be as set forth in said agreements which are a part of this By-law by reference.

Section 13a. Work Week

The full time work week in each occupational group shall be as follows:

Group	Work Week
Airport Group	40 — 48 hours
Clerical Group	37.5 hours
Library Group	40 hours
Custodial Group	40 hours (a)
Labor Group	40 hours
Public Safety Group:	
Police (full-time)	40 hours
Fire (full-time)	48 hours (a)
Others	As Required (b)
Administrative Group	As Required (b)
Supervisory Group	As Required (b)

- (a) The regular work week for members of the fire-fighting units shall be forty eight (48) hours. The work schedule shall be subject to consultation between Local 1768, the Chief of Department and the Commission of Public Safety and the final decision shall rest with the Commission of Public Safety.
- (b) "As Required" shall mean the total number of hours in the work week needed to perform the duties of the position, as determined by the appropriate administrative authority

Section 14. Overtime Compensation

- (a) *Airport Group*—An employee shall be compensated at his regular hourly rate for hours worked in excess of forty-eight weekly.

(b) *Clerical Group* — An employee shall be compensated at the hourly rate set forth in Section 9 which corresponds to his step rate designation in the corresponding compensation grade on Schedule B-3, Section 8, for hours worked in excess of thirty-seven and one-half weekly.

(c) *Library Group* — An employee shall be compensated at the hourly rate set forth in Section 10 which corresponds to his step rate designation in the corresponding compensation grade in Schedule B, Section 8, for hours worked in excess of forty weekly.

(d) *Custodial and Labor Groups*. An employee shall be compensated at one and one-half times his regular hourly rate for hours worked in excess of eight (8) hours in one day or of forty (40) hours in one week.

(e) *Police Department:*

(1) A uniformed member of the Police Department in Compensation Grades P-1, P-2 or P-3 in full time employment, whether in uniform or not, who is required to work beyond his scheduled tour of duty whether an eight (8) hour day or his regularly scheduled work week, whichever comes first, shall be compensated at one-and-one-half (1½) times his regular rate of pay.

(2) A full time employee called back to work on the same day after completing his assigned duty tour and left his place of employment and before the next regular scheduled starting time, shall be paid at the rate of one-and-one-half times his regular rate of pay. The Public Safety Commission may set a minimum amount to be paid for such call back to duty.

(3) A regular Patrolman will be given preference in overtime when the services required are those performed by a Regular Patrolman as a customary routine except, when the overtime is to replace a sick or injured Regular Patrolman, such preference will be limited to the first twenty (20) working days of such man's absence.

A Sergeant will be given preference in overtime when the services required are those performed by a Sergeant as a customary routine except, when the overtime is to replace a sick or injured Sergeant, the preference will be limited to the first twenty (20) working days of such man's absence.

In the two preceding paragraphs, the overtime shall be distributed equally and impartially.

(4) A minimum of three (3) hours overtime pay shall be given to an officer for court appearance when he is not working his regular shift.

(5) An employee may take time off instead of pay for working overtime. The Chief of Police shall determine when such time off is to be taken. This time may be accumulated.

(f) *Fire Department:*

(1) A uniformed employee in compensation Grades F-1, F-2, F-3, in full-time employment who is required to work beyond his normal tour of duty, responds to a box alarm when off duty, or is called back for stand-by duty, forest fire fighting, snow shoveling, forest fire patrols, or pump jobs, shall be compensated at one-and-one-half times his regular rate of pay.

(2) A duty shift shall be maintained at a level that is not more than one person short of normal complement of officers and privates by calling in off-duty officers and/or privates, starting with those having a scheduled day off.

(3) The uniformed employees of the Fire Department in full-time employment shall have first refusal on all overtime, snow shoveling, shoveling out hydrants, pump details, air shows, circuses, fire watches, and forest fire patrols, in their area of first due response.

(4) The hourly rate of overtime pay for personnel covered by this agreement shall be one-fortieth of the employee's regular week's pay times one-and-one-half (1½). A minimum of two hours overtime pay shall be guaranteed for all details involving call back.

(5) Overtime shall be distributed equally and impartially to all personnel covered by this agreement.

(6) A man may be excused from duty for an emergency only for a reasonable amount of time with the approval of the Chief of the Department or officers acting in his stead.

(7) The pay of uniformed members of the Fire Department shall continue during mealtime on all overtime. Time taken shall be a reasonable amount.

(8) Hourly rates for members of the Call Fire Force for forest fire fighting are listed in Schedule D. At the discretion of the Public Safety Commission, such rates may be paid for other duty to members of the Call Force for the second and subsequent hours of such duty.

(g) *Administrative Group:*

(1) An employee normally is not entitled to overtime, but shall be granted compensatory time at the convenience of his department head for hours worked in excess of forty weekly except as indicated below.

(2) An employee in a civilian position in the Police or Fire Departments shall be subject to the same provisions as those applicable to members of the uniformed force of each department as set forth in Section 14(e) and 14(f).

(3) An employee of the Airport shall receive supplemental compensation according to the following schedule in recognition of the seasonal fluctuations in the number of hours he is required to be on duty:

Airport: One hundred twenty (\$120.00) each month May-October inclusive

(The basic work week for these employees shall be that established for their department.)

(h) *Supervisory Group* — An employee is not entitled to overtime, as he has the authority to approve overtime compensation for his subordinates. He is entitled to take compensatory time which he shall report to the proper administrative authority if requested. He shall also make adequate provision for the supervision of his department in his absence.

Section 14-1. Clothing Allowance

A uniformed member of the Police Department shall receive a clothing allowance of \$150 per year.

A uniformed member of the Fire Department in Compensation Grade F-1 shall receive a clothing allowance of \$75 per year, in grades F-2 and F-3 an allowance of \$125 per year and in grades F-4 and F-5 an allowance of \$150 per year. The initial allowance for personnel in grade F-1 shall be paid at the conclusion of the six-month probationary period.

Section 15. Paid Holidays

(a) The following days shall be recognized as legal holidays within the meaning of this by-law on the day designated by statute of the Commonwealth of Massachusetts:

New Year's Day

Labor Day

Washington's Birthday

Columbus Day

Patriot's Day	Veterans' Day
Memorial Day	Thanksgiving Day
Independence Day	Christmas Day

on which days employees shall be excused from all duty not required to maintain essential Town services.

(b) Every employee in full-time or continuous part-time employment shall be entitled to these designated holidays on the following terms:

- (1) If paid on an hourly basis, he shall receive one day's pay at his regular rate based on the number of hours regularly worked on the day on which the designated holiday occurs;
- (2) If paid on a weekly, semi-monthly or annual basis, he shall be granted each designated holiday without loss in pay.

(c) Payment under the provisions of this section shall be made provided the eligible employee shall have worked on his last regularly scheduled working day prior to and his next regularly scheduled working day following such holiday, or was in full pay status on such preceding and following days in accordance with other provisions of this by-law.

(d) An employee in continuous employment occupying a position in other than the Public Safety or Supervisory Groups who performs work on one of the days designated in sub-section (a) shall be paid at his regular rate for such day or fraction thereof in addition to the amount to which he is entitled under sub-section (b).

(e) At the request of the employee, he may be granted compensatory time off at the convenience of the departments in lieu of payment provided under sub-section (d).

(f) An employee in continuous employment, in other than the Police or Fire Departments, who, because of a rotation of shifts, works different days in successive weeks shall be granted, in each year in which the number of holidays falling on his regular days off is in excess of the number of holidays in that year falling on Saturday, additional days off equal to the excess.

(g) Whenever one of the holidays set forth in sub-section (a) falls on a Sunday, the following day shall be the legal holiday, and if on a Saturday, the preceding day shall be the legal holiday.

Section 16. Vacation Leave

(a) An employee in continuous service shall be granted two weeks vacation with pay provided he has completed thirty weeks of service prior to June first.

(b) An employee with less than thirty weeks of continuous employment as of June first shall be granted one day of vacation for each full month of continuous service completed prior to June first, but not to exceed one week of vacation.

(c) An employee who has completed ten years of service shall, in the year during which this length of service has been completed, be granted three weeks of vacation with pay.

(e) Upon the death of an employee who is eligible for

(d) An employee who has completed twenty (20) years of service shall, in the year during which this length of service is completed and thereafter be granted four (4) weeks of vacation with pay.

vacation under these rules, payment shall be made to the estate of the deceased in an amount equal to the vacation allowance as accrued in the vacation year prior to the employee's death but which had not been granted. In addition, payment shall be made for that portion of the vacation allowance earned in the vacation year during which the employee died up to the time of his separation from the payroll.

(f) Employees who are eligible for vacation under these rules and whose services are terminated by dismissal through no fault or delinquency of their own, or by retirement, or by entrance into the armed forces, shall be paid an amount equal to the vacation allowance as earned, and not granted, in the vacation year prior to such dismissal, retirement, or entrance into the armed forces. In addition, payment shall be made for that portion of the vacation allowance earned in the vacation year during which such dismissal, retirement or entrance into the armed forces occurred up to the time of the employee's separation from the payroll.

(g) Absences on account of sickness in excess of that authorized under the rules therefor or for personal reasons as provided for under other leave may, at the discretion of the department head, be charged to vacation leave.

(h) An employee, unless receiving pay for such a day or date under the provisions of Section 17A of Chapter 147 or Section 57A of Chapter 48 of the General Laws, shall be granted an additional day of vacation if, while on vacation leave, a designated holiday occurs which falls on or is legally observed on Monday, Tuesday, Wednesday, Thursday or Friday.

(i) Vacation allowances provided under the terms of this section will be calculated on a twelve-month period commencing on June first and ending on May thirty-first, and these allowances must be taken in the twelve months' period that immediately follows. In unusual circumstances, exceptions may be granted by the Personnel Board upon recommendations of department heads. Such vacation shall be granted by the head of the respective department of the Town at such time as, in his opinion, will cause the least interference with the performance of the regular work of the Town.

(j) An employee shall not be allowed to work during his vacation leave and be compensated with extra pay without approval of the department head and the Personnel Board.

Section 17. Sick Leave

(a) An employee in continuous employment who has completed thirty weeks of service following original employment shall be allowed fifteen days leave with pay each calendar year or one and one-quarter days for each month thereof if in any year his employment is less than thirty weeks, provided such leave is caused by sickness or injury or by exposure to contagious disease.

(b) An employee in continuous employment shall be credited with the unused portion of leave granted under sub-section (a) up to a maximum of seventy-five days.

(c) An employee occupying a temporary or seasonal position shall not be credited with unused sick leave beyond his current period of employment.

(d) If the amount of leave credit provided under sub-section (b) has been or is about to be exhausted, an employee may make application for additional allowances to that provided under sub-section (a). Such application shall be made to the Board which is authorized to grant such additional allowances as it may determine to be equitable after reviewing all circumstances including the employee's attendance and performance record prior to conditions supporting his request for the additional allowance.

(e) Sick leave must be authorized by the department head and must be reported, on blanks provided for same, to the Board.

(f) A physician's certificate of illness shall be submitted by the employee after three days absence to his department head before leave is granted under the provisions of this section. This certificate shall be forwarded by the department head to the Board.

(g) The Board may, of its own motion, require a medical examination of any employee who reports his inability to report for duty because of illness. This examination shall be at the expense of the Town by a physician appointed by the Board.

(h) Injury, illness or disability self-imposed, or resulting from the abuse of alcohol or the use of drugs that are classified under the Federal Narcotics Act or Drug Abuse Control Act, shall not be considered a proper claim for leave under this section.

(i) Payments made under the provisions of this section shall be limited to an employee who is receiving Workmen's Compensation payments to the difference between the amount paid in Workmen's Compensation and the employee's regular rate.

(j) In the event of payments made to an employee under the preceding sub-section, the Board may debit the employee's sick leave accrual by such amounts as it determines to be equitable in relation to such payments.

(k) Nothing in this section shall be construed to conflict with Section 100 of Chapter 41 of the General Laws nor to affect the eligibility of uniformed regular members of the Police and Fire Departments in regard to payment for holidays.

Section 18. Bereavement Leave

Emergency leave up to four days may be allowed for death in an employee's immediate family (wife, husband, mother, father, child, brother or sister), mother-in-law and father-in-law.

Section 19. Other Leave

(a) Absences for personal reasons may be charged to vacation leave upon application by the employee and approval by his department head. Such absences, however, may not be charged to vacation leave beyond that which the employee has earned by the time of such application.

(b) Members of the military reserves on brief tours of military duty such as the annual two-week tour of duty may be compensated by the town for the difference between the employee's regular pay and that received on military duty. Such tours of duty shall not be counted against vacation allowance.

Section 20. Physical Examination

Before appointment to a position in the classification plan requiring continuous service, or to a seasonal position designated by the Board, a candidate shall have passed a physical examination satisfactory to the Board. The examining physician shall be appointed by the Board and the examination shall be at the expense of the Town. The examining physician shall advise the Board as to whether, in his opinion, the applicant is physically qualified to perform the duties of the position for which application has been made, and the applicant shall complete a questionnaire which the Board will design. The examining physician's report shall be confidential and shall be deposited with the Board of Retirement.

Section 21. Operation of By-Law

This By-Law shall be operative only as to employees whose positions are classified hereunder and for which positions minimum and maximum salaries, or single-rated salaries, have been established by vote of the Town at a Town Meeting.

Section 22. Civil Service Law

Nothing in this By-Law shall be construed to conflict with Chapter 31 of the General Laws.

Section 22-1. Job Posting of Clerical Positions

When a clerical position covered by this agreement becomes vacant, notice of such vacancy shall be posted on a public bulletin board in the Town Office Building, listing the pay, duties, and qualifications for the position. This notice of vacancy shall remain posted for seven (7) days. Employees interested shall apply in writing within the seven (7) day period. The Employer shall, after careful consideration of all applications, make the determination of the fulfillment of the qualifications for any job.

Section 22-2

A junior Clerk without the equivalent of one year's working experience shall be paid a probationary rate of

\$75.00 per week for one year. At the conclusion of one year of satisfactory performance, advancement thereafter shall be in accordance with appropriate provisions of this By-Law.

Section 23. Effect of Partial Invalidity

The invalidity of any section of this By-Law shall not invalidate any other section or provision thereof.

Section 24. Publication of Personnel By-Law

The Personnel Board hereby is authorized and directed to compile and publish a revision of the 1969 Town of Plymouth Personnel By-Law to be known as the 1970 Town of Plymouth Personnel By-Law in which shall be incorporated all amendments to the 1969 By-Law approved by the 1970 Annual Town Meeting including changes in the By-Law consistent with such amendments.

Ed. Note: The bargaining agreements referred to in Section 1, third paragraph are published in the above booklet, copies of which may be obtained from the Town Clerk and are on file in the office of the Selectmen.

**CAPITAL OUTLAY EXPENDITURES COMMITTEE REPORT,
DECEMBER 21, 1969**

We are pleased to submit the seventh annual report of the Capital Outlay Expenditures Committee. We continue to request and are getting a seven-year projection including the year 1970 which can now be considered the current year.

The departments and committees are cooperating well and in praise of their consistency in their estimates, we offer a few statistics. Comparing totals only for all departments and committees, you will note that the 1968 report as compared with 1969 discloses the following variances:

<u>For Year</u>	<u>1968 Report</u>	<u>1969 Report</u>	<u>% + (—)</u>
1970	786,050	842,343	7
1971	885,050	684,050	(22.7)
1972	590,550	679,550	15
1973	503,550	446,550	(11.3)
1974	632,050	668,550	5.7
1975	508,550	501,550	(1.3)
1976		326,550	

Certainly much of this variation can be explained away in that needs may be moved up or back in compliance with the reporting group's opinion of the needs of the Town, but on the whole it is a commendable record. We take this opportunity to thank the departments and committees for their fine cooperation.

Respectfully submitted,

TOWN OF PLYMOUTH
CAPITAL OUTLAY EXPENDITURES COMMITTEE

ANNUAL REPORT OF THE TOWN ACCOUNTANT

For the year ending December 31, 1970

I submit herewith report of the financial transactions of the Town of Plymouth for the year ending December 31, 1970.

Estimated Receipts for 1970 were \$233,580.38 in excess of the estimates used in setting the tax rate, due, primarily, to an increase in motor vehicle excise tax and water rate collections, although the returns from the State were also substantially higher than the estimates. Water Revenue, however, cannot be expected to be as high in 1971, since the 1970 collections reflected three billing periods, rather than the normal two.

Unexpended appropriation balances returned to the Revenue Account amounted to \$235,148.04, with an additional amount of \$162,088.05 going directly to Excess and Deficiency.

As a result, despite the appropriation of \$442,011.00 from Free Cash, the balance in the Excess and Deficiency Account, as of December 31, 1970, was \$1,074-947.90. Deducting from this balance the amount of uncollected taxes, leaves Free Cash for 1971 at \$749,688.

There were no overdrafts at the end of 1970, but the following unpaid bills have been filed with this office:

Police Department:

A. J. Nielsen Radio Service, Inc.	\$19.75
Miles Plumbing	66.80
Charles Clougherty Co., Inc.	53.60
Shiretown Motors, Inc.	161.12
Gulf Oil Corp.	671.09
Brigida Tire Co., Inc.	413.50
Town Brook Service Station	154.27
Gellar's, Inc.	20.97
Dr. Milton Brougham	250.00
John McGillicuddy, M.D.	80.00

Civil Defense:	
New England Telephone	3.21
Pilgrim Drug	33.39
Highway Department:	
Eastern Minerals, Inc.	4,356.50
Thanksgiving Day:	
Emblem & Badge Sales Co.	24.34
Christmas Lighting:	
N.B. Gas & Edison Light Co.	348.28
Zoning By-Law Administration:	
Banker & Tradesman	7.80
The several schedules are in the following order:	
Schedule A. Cash Receipts and Cash Payments as re- ported to the Bureau of Accounts of the Commo- wealth.	
Schedule B. Departmental and all special appropria- tions and such receipts, including federal grants, as may be legally expended, with all payments from same classified as to purpose.	
Schedule C. Estimated Receipts, other than from lo- cal taxes, as used by the Assessors in setting the 1970 tax rate. The schedule also shows the actual cash receipts from the same sources.	
Schedule D. Revenue Account for 1970.	
Schedule E. Excess and Deficiency Account.	
Schedule F. Balance Sheet, December 31, 1970.	
Schedules G and H. Bonded Indebtedness, January 1, 1971.	
Schedule I. Trust Funds and Town Investments as of December 31, 1970.	
Schedule J. Calculation of the Town's borrowing capa- city as of January 1, 1971.	

Respectfully submitted,

CORA B. GRADY,
Town Accountant.

ANNUAL REPORT OF THE BOARD OF SELECTMEN

1970 was a very busy year for the Board of Selectmen as this was the 350th Anniversary of the Landing of the Pilgrims. John F. Prentice, Chairman of the Selectmen and many other notables in the Town traveled to Plymouth, England during April as part of the celebration of the Anniversary. During October the Lord Mayor of Plymouth, England visited Plymouth, Massachusetts and presented to the Town, two valuable porcelain birds of a limited edition. These birds will eventually be displayed for the Townspeople to view. The Memorial Building was used twice as much as in previous years due to the many activities of the 350th Committee. Work is still continuing at the waterfront area, as the breakwater is almost completed and plans are under way for the construction of a seawall, northerly of the Town Wharf. This will be built with the help of State Funds. A new jetty is also being constructed at Plymouth Beach by the Department of the Army. This is being built in an effort to save the beach from damaging storms.

Many permits were issued for camping on Plymouth Beach, as more and more people are enjoying the outdoor living.

Band concerts were held again this year and were well attended and enjoyed by all.

Again as last year, numerous requests for street lights were granted and the Selectmen installed street lights at all the intersections of West Wind Shores.

Many new apartments were built in Plymouth as well as a new nursing home.

The controversy of Billington Sea continued into 1970 but the Pond was finally cleaned of weeds when the Court overruled the Town and allowed the State Department of Public Health to do the cleaning.

Annual duties of the Selectmen included preparation of jury lists, committee and office appointments,

perambulation of bounds between Plymouth and Duxbury, preparation of necessary Town meeting and election warrants, arrangements for holidays, issuing of many licenses in the Town, and billing of Town Wharf rentals and mooring locations.

New warning beacon lights were installed at the intersection of Samoset Street, Standish Avenue and Chestnut Street with 75 per cent to be reimbursed to the Town from the State.

A new parking lot was added to the Town on Howland Street which will aid in the parking problem during the busy summer months.

Contracts for an automated payroll system in Plymouth were signed by the Selectmen.

The Alcoholic Beverages Control Commission notified the Board during the later part of the year that the Town of Plymouth was entitled to issue nine annual all alcoholic licenses under their quota. These licenses were issued to establishments in Plymouth who previously held seasonal licenses.

The dredging of Eel River was finally completed, as well as private property owners along the river dredging their land to prevent erosion.

We extend our deepest appreciation to all persons, departments, committees, and boards in the Town for their cooperation which has helped the Town of Plymouth to maintain such a high standard of effective municipal government.

**ANNUAL REPORT OF THE
BOARD OF PARK COMMISSIONERS FOR 1970**

The Board of Park Commissioners organized on March 9, 1970 and re-elected Mr. Walter B. Haskell as its chairman. Other members of the Commission included O. Arrigo Guidaboni; John Searles, Anthony V. Pioppi and Everett Lanman.

The Board reappointed Arthur Sirrico as Park Superintendent and reappointed Mrs. Marion Zoccolante as department clerk.

1970 SUMMATION:

PARKS:

Brewster Park has been maintained at maximum strength by the Park Superintendent. This is an attractive park designed with walks; shade trees pruned by experienced personnel and sitting areas that fulfill the needs of relaxation for our townfolks and the visitors who honor our town. The two bridges have been repaired and the brook has been cleaned periodically by our labor crew. A group of Plymouth-Carver students donated their services for two consecutive Saturdays in cleaning debris from the brook.

Jenney's Poor Farm Park and Pond has been the location for well received band concerts. This beautiful area serviced by the Park Department has become a place of sanctuary for two Canadian geese and four swans which were given as a gift to the Park Commission. Another gift deeply appreciated is the donation of six benches for this location.

Burton Park, Bates Park and the Training Green are serviced on a regular schedule and deceased trees have been removed from these parks.

PLAYGROUNDS:

Allerton Street: this playground should be ready for use in 1971. Fill has been deposited in the open

quarry and after completion of filling and grading new playground equipment will be erected.

Little League Field: Constant maintenance of grounds, repairs to bleachers and dugouts as this champion field was chosen by ten Little League managers in June of 1970 for all champion games.

Siever Field: Bleachers repaired and painted. Loan of this field was granted to Nathaniel Morton Intermediate School and Sacred Heart of Kingston as they each lacked facilities for their home games.

BATHING BEACHES:

Plymouth Beach: Fill from the dredged Eel River was used on the parking lot on the south side of the bathhouse then the area was blacktopped in conjunction with private funds eliminating a serious problem as this lot was a hazard to autoists.

Indian Reservation: The old sanitary has been razed and a new sanitary is in the process of construction. It is expected that remodeling will be completed on the recreation hall as well as the sanitary for the 1971 season.

Morton Park: A new sanitary at Red Springs was constructed and will be opened to the public for the 1971 season. Excessive brush cleaning in the Morton Park district by the Park Department labor crew.

Nelson Street Trailer Park was opened to the campers after being closed for the 1969 season due to the laying of sewer pipes through the park. The swimming ban was lifted at this beach as the bacteria count met with the Board of Health's approval of analysis (water).

The Park Commission honored two requests of the 350th Anniversary Committee. First: The Park Superintendent and his labor crew erected two reviewing stands on the Water Street end of Brewster Park so

that the judges and other state officials could review the Grand Parade on September 12, 1970 and second; permission was granted to use the north side of the Nelson Street Park for the feeding of 1,000 military on the same date.

The Board of Park Commissioners reports with great sorrow the death of Anthony V. Pioppi. For twelve years, since May, 1958, Mr. Pioppi gave to this commission a cooperative interest in all its activities and duties.

Vandalism was of a severe nature in relation to all buildings subject to Park Department jurisdiction.

Receipts: Total receipts taken in by the Park Department during 1970 was \$23,630.28 of which \$906.75 was from the issue of beach parking stickers.

The Board of Park Commission and its superintendent and clerk are appreciative of the countless courtesies and cooperation from the other town departments as well as the townspeople.

Respectfully submitted,

WALTER B. HASKELL, Chairman
O. ARRIGO GUIDABONI
JOHN W. SEARLES
EVERETT LANMAN

REPORT OF THE COMMUNITY NURSE ASSOCIATION

To the Honorable Board of Selectmen

Town of Plymouth

The Annual Nursing Service Report of the Plymouth Community Nurse Association, from January 1, 1970 to December 31, 1970, is herewith submitted.

The P.C.N.A. has served the communities of Plymouth, Kingston and Duxbury with a broad public health nursing service in 1970. Our function is twofold. First, we provide a skilled nursing care and other rehabilitative services under a physician's direction, to the sick in their homes; and second, we attempt to prevent disease in cooperation with the Boards of Health by staffing immunization clinics, Well-Child Conferences, Tuberculosis control clinics and making necessary home visits to follow up a broad maternal and child-health program.

During 1970, the P.C.N.A. made a total of 6,631 visits to patients in Plymouth. Of this number, 4,851 were skilled nursing care and 1,780 were made in behalf of the Plymouth Board of Health. 1,564 were made to recipients of Public Assistance.

This agency continues to serve the community by providing eleven Well-Child Conferences in 1970. Dr. C. James Gormley, M.D., the attending pediatrician, made 263 physical examinations to infants and preschool children. We are grateful to St. Peter's Church and the Church of the Pilgrimage, Plymouth, for the use of their parish centers to conduct these conferences.

In cooperation with the Plymouth Board of Health, the P.C.N.A. has staffed 10 regular immunization clinics and one special Rubella (German Measles) clinic. We continue to serve the Health Department by preparing for and staffing the Chest X-Ray Clinics and making home visits to follow-up Tuberculosis contacts and other communicable diseases.

Our contract with the Easter Seal Society enables our agency to offer physio-therapy, speech therapy, occupational therapy and Medical Social services to patients at home, under physician's orders.

The Brockton Homemaker-Home Health Aide Service began functioning in Plymouth in June, 1970, and has been an invaluable aid to many people ill at home.

The Plymouth Community Nurse Association is a non-profit, voluntary agency, operating under the direction of a Board of Directors. A Professional Advisory Committee, made up of Plymouth citizens, meets periodically to make recommendations for program development and administration of the agency.

Mrs. Marion Hedge Terry, R.N., resigned as supervisor of the P.C.N.A. in September. We wish her well in her new endeavors.

In October, 1970, Mrs. Margaret L. MacGregor, R.N., assumed her duties as supervisor of our agency.

On behalf of the staff and the Board of Directors of the P.C.N.A., we would like to thank the many cooperating social agencies, the Health Department, the Board of Selectmen, as well as our many friends in the community for their continued interest and cooperation.

Respectfully submitted,

MARGARET L. MACGREGOR, R.N.
Supervisor.

REPORT OF THE TREE WARDEN

The year of 1970 was a busy one for the Tree Department as many trees in the Town were diseased and had to be cut down. The money appropriated for 1970 was spent before the end of the year and a transfer from the Advisory & Finance Committee had to be appropriated to finish the removal of the many Dutch Elm Diseased trees.

A total of 135 bad trees were removed, many of which the stumps had to be taken out.

Approximately 89 new trees, of bigger stock than last year, were planted in the Town of Plymouth. None had to be replaced.

The usual program of fertilizing young trees was carried out. Trimming and pruning of trees, other than Dutch Elm Disease trees, that needed work was done.

DANIEL L. FRATUS,

Tree Warden

REPORT OF THE TOWN FOREST COMMITTEE

The work done at the Town Forest in 1970 consisted of roadside trimming and mowing. The roadside spraying was done with brush killing material so as to prevent more growth, thus saving time, labor, and less material for the following year.

The usual spraying of Dutch Elm Disease trees, Birches, Ash, and other trees throughout the Town was also done.

PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

PLYMOUTH — 1970

In reporting the Project's activities for 1970, we have been able to continue our primary objectives in each town or city. Namely, the reduction of the mosquito population at source of breeding. This was accomplished either by trenching of breeding areas, or periodic treatment of waters where larvae were found.

The bulk of our efforts during July, August, and September were concentrated in areas and wetlands adjacent to encephalitis locales. Fifty two horses were reported as contracting the disease. Although only seven of these cases were confirmed, we had to assume that all were probables, and responded as we did to confirmed reports. There was only one report of virus in humans. As these reports were received, our fogging units responded, treating these areas and others having numerous horses. The Encephalitis Field Station monitored both adult and larvae populations. We like to feel that we, along with the State Department of Public Health, numerous veterinarians involved, and the Department of Agriculture, aided in some part in trying to avert what might have been an outbreak of more serious proportions. Plymouth was fortunate in not having a single case of Eastern Equine Encephalitis reported in either horses or humans in 1970.

We again spent hundreds of hours power trenching and hand clearing of numerous waterways and stagnant water areas. Among these were Center Hill Road, drainage ditch on River Street, cleaning ditches of debris at Eel River and Doten Road, debris in brook rear of Ocean View, clearing drains around cemetery, and power trenching of salt marsh areas at Nelson Street and Stevens Field, and clearing drains and culverts in North Plymouth and Manomet.

Next spring will, in all probability, have an abundance of mosquitoes. Fall rains and present snows

are filling the swamplands. We do not have the capacity to control these large wetlands. Consideration of possible harm to the environment will always limit us as to areas treated and methods of control. We will continue to work closely with the Field Stations, Pesticide Board, the Department of Natural Resources regarding methods of control. Our efforts will be pointed toward possible encephalitis activity in 1971. This will have priority over some past practices.

Again we wish to thank your town officers, Highway Superintendent, and Health Department for their interest and cooperation.

Respectfully submitted,

M. CURRIE BEATON, JR.
Superintendent.

REPORT OF THE INSECT PEST CONTROL

In 1970 a total of 28 trees were sampled for Dutch Elm Disease Control, a total of which 28 were confirmed. As of January 1, 1971 all of these trees were removed. The usual amount of spraying was done for other pests.

DANIEL FRATUS,
Insect Pest Superintendent.

OFFICE OF VETERAN'S SERVICES

The Honorable Board of Selectmen

Plymouth, Massachusetts

Gentlemen:

1970 challenged this department in that not only did more eligible persons seek economic aid but also increasing numbers of ex-servicemen filed claims for compensation, pensions, educational benefits, etc.

In the matter of providing economic aid we experienced an 11.6 per cent increase in the number of persons applying. This accounts in part for the 31.4 per cent increase in expenditures over 1969. The major increase, however, was due to both high interest rates charged for mortgages plus the inflationary effect on the cost of housing and the extremely rapid increase noted in Plymouth rental charges. We are unable to reconcile the fact that the allowable charges in both housing and medical care goes unchecked while the allowance for food remains practically unchanged. This alone provides hardship particularly on the elderly and the smaller family unit. In many instances the maximum housing allowance not equaling the actual charge means nothing more than that this excess must be borne by the applicants food allowance.

As of today, 650 Plymouth men and women have received approximately \$146,250.00 in bonus payments, paid by the Commonwealth, for their services during the Vietnam Conflict.

This office is particularly proud of its accomplishments in matters of obtaining those promised Federal Benefits for the veteran. The ever changing Federal Law makes it increasingly difficult for anyone to know fully his rights. We feel that our task is primarily to aid in these matters and to see that claims are presented fairly and accurately, to see—that V.A. Hospitalization is provided when warranted, that the re-

turning veteran is made fully aware of his educational benefits, that he receives his full employment rights, but mostly to see that answers are provided to his many questions.

The Plymouth veteran realized \$79,066.73 in new pensions and/or compensations in the year 1970. Added to those who receive benefits from previous year claims, must be interpreted as meaning approximately \$500,000.00 in total V.A. Benefits now being paid annually in Plymouth.

We gratefully acknowledge the full cooperation we have received not only from the Town's elected officials, but also from all the Town's veterans' organizations and their auxiliaries. Without this cooperation the three of us in this office never could possibly undertake our main objective which remains "ever to help the Veteran and/or his dependent."

Respectfully submitted,

CHARLES C. HENDERSON,

Director.

ANNUAL REPORT OF THE HARBOR MASTER, 1970

To the Honorable Board of Selectmen:

The 1970 boating season in Plymouth has gone along with the national trend and showed a marked overall increase in pleasure and fishing boat activities.

Party Boats—This past season our party boat fleet was increased by three boats, and "Andy Lynn," 45 feet, owned and operated by Mario Costa, the "Capt. John III," 65 feet, owned and operated by John Tavares, and the "El Pronto," 45 feet, owned and operated by Richard Monks, all from Plymouth. These three boats increased our total of party boats to eighteen and gave seasonal employment to fifty people. Approximately 40,000 people were accommodated on these fishing trips, from April to October, paying an average of \$6.50 a person, thus adding greatly to the Town's economy.

Fishing Draggers—Our fleet lost one of its boats due to a tragedy at sea and the boat was sold in Gloucester. Otherwise, the fleet remained stable and fish landings were fair with fish prices up a little from last year.

Lobster Boats—During the past season there was seventeen boats operating out of Plymouth Harbor and landing their catches at the Town Wharf. Also, during this time two New Bedford boats were landing offshore lobsters here for a local concern. These boats made twelve trips into Plymouth and unloaded approximately 90,000 pounds of lobsters. Lobster prices remained high during the season due to their scarcity and high demand.

Shellfish—Although our inner harbor and part of our shoreline are still considered contaminated by the State, we issued 761 shellfish permits for the past year. We bought and seeded fifteen bushels of little neck quahaugs for seeding purposes and spread them on the flats, in the spring, that were in open areas. Hopefully, these will increase the yield of quahaugs in the future.

Moorings — The new breakwater is rapidly nearing completion and is scheduled to be completed in the early fall of 1971, giving the boats moored inside of it 100 per cent protection. It has again proven itself by giving the boats a maximum of protection in Northerly and Easterly storms. Two boats came ashore this year because of faulty mooring lines but were saved before any serious damage was done to their hulls. We now have approximately 230 moorings in our new area, total revenue to the Town per year is \$3,000.00.

BOAT ACTIVITIES FOR 1970

Requests to search for overdue boats	65

REPORT OF THE SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit a report of the work done in the Highway and Sewer Departments from January 1 to December 31, 1970.

SEWERS

During 1970 there were several sewer services connected to the main sewers with permits issued by the Board of Selectmen and the newly elected Sewer Commission. A new sewer line was constructed on Oak Ridge Road from the Westerly Road to the Malaguti property for a distance of 800 feet of 8" clay pipe with 5 manholes built to service 6 or more dwellings. The dragging of main sewers were completed, manholes repaired and covers replaced as needed.

STREET CLEANING

The Mobil Street Sweeper cleaned approximately five thousand curb miles from April to November. The main street from the Jabez Corner to Plymouth-Kingston line was swept each day including the waterfront from Main St. Ext. to Town Wharf. The side streets in town and the north end, Manomet and Chiltonville areas were also given attention by the sweeper. In the early spring the heavy packed winter sand pockets were hand swept by the men of the department.

ASPHALT SIDEWALKS

The construction of sidewalks was completed on the following streets: Alden St., both sidewalks from Standish Ave. to Allerton St., Standish Ave., from Cherry St. to Fire Station on the Hedge School side, Cherry St., from Standish Ave. lights to motel on the north side, Standish Ave., from Nick Rock Rd. to Savery Ave. on west side, Chestnut St. and Westerly Road. The maintenance of sidewalks was also carried out.

DRAINS

Drainage completed this year includes the following: Summer St. at Millman's, 200 feet of 12" corrugated pipe was laid and one manhole built with a drop inlet, Wood St. had 356' of 10" corrugated pipe installed at the Joseph property to keep the street water from draining into cellar and onto property. Esta Road had 60' of 12" corrugated pipe laid with 3 complete manholes for new road installation. 390' of 12" corrugated pipe and 1 manhole completed drainage installation on Bay Shore Drive at the Lippard property with a 10 foot easement ending at the second level of the bluff. Bay Shore Drive drainage between Penner property and MacLennan property had stallation. 390' of 12" corruguated pipe and 1 manhole basins built. The hydraulic catch basin cleaner cleaned out basins of sand and debris throughout the town.

HIGHWAY CONSTRUCTION & RECONSTRUCTION

The following streets were paved with 2½" Tpye I mix over the old surface: Lake Drive in the Buttermilk Bay Section, Lake Shore Ave. in Riviera Lake Shores and Esta Road. Streets paved with 1½" of Type I over the old pavement included: Cushman St., Allerton St. from Samoset to Alden St., Newfield St., Pierce Ave., section of Whiting St., Sandwich St. from Chiltonville Four Corners to Withington property and Lafayette Court. The following roads received a seal coat of asphalt and covered with sand: Westerly Road, Billington St. and Halfway Pond Road. Gunner's Exchange Road was widened and corners cut with an application of tar and sand planned in the 1971 road program.

CHAPTER 90 MAINTENANCE

A surface of 507.45 tons of 1½" Dense Mix was laid on Sandwich St. from the I.G.A. store to Stephens St. at a cost of \$6,000. This contract work was completed by Warren Brothers Company of Brockton. It is expected that 1971 funds will complete the remainder of this road to Jabez Corner. The State, County and Town share one-third the cost of Chaper 90 Maintenance.

CHAPTER 768 ACTS OF 1969

With funds being provided by the state, Long Pond Road from the Clark Road to West Long Pond Road, approximately 2,112 feet long and 24 feet wide, was reshaped, bankings sloped, road graded and drainage installed. A penetration of asphalt and sand will be completed on this section of the road in 1971. A Type I pavement was laid by B. A. Simeone,, Inc. of Wrentham from the Emery property to Halfway Pond Road.

TRAFFIC AND STREET MARKING

All traffic lines were painted yellow and white to conform to the State of Massachusetts regulations. White crosswalks were painted and taxi stands and restricted areas were painted yellow. Yellow center guide lines were painted on South St., Newfield and Birch Ave., Westerly Rd., Manomet Ave., Taylor Ave., Point Rd., Market St., Summer St., No. Park Ave., Alden St., Leyden St., River St., Billington St. and a portion of Federal Furnace Rd. Danger areas had the word Stop painted in the road. Several signs received new sign faces and posts replaced.

MISCELLANEOUS

Equipment approved this year at Town Meeting for the Highway Dept. included: 2 large dump trucks, two pick-up trucks with dump bodies, utility trailer, Sewroder two wheel rear town trailer, heavy duty pump, two brush saws and one chain saw. Permits to dig open the ground were issued to the local gas company and contractors and all work was properly guarded with flashing lights and barriers. Lines and grades for sewers, drains and roads were supplied by the Town Engineer, Edward Chase, and records of same filed in his office on Lincoln St. Other projects handled during the year of routine matter were patching, digging and clearing waterways, roadside mowing, grading of roads, installing snow fences, applications of calcium chloride, parking meter repairs, fence repairs and plowing and sanding.

Respectfully submitted,

RALPH L. BONNA,
Superintendent of Streets and Sewers

REPORT OF THE BOARD OF RETIREMENT

The Board of Retirement presents herewith its report covering the activities of the Contributory Retirement System for the year 1970.

The following chapters of the Acts of 1970 were of importance to our members:

Chapter 249 clarified the applicability of the law providing for cost-of-living increases in pensions to the retirement allowance of certain veterans. This resulted in retroactive payment to several veterans for the period from October 18, 1968 to December 31, 1969.

Chapter 617 granted certain non-contributory pensioners, who were veterans, an increase in pension of \$15 for each year of service, up to a maximum of \$300, effective November 4, 1970.

Chapter 644 increased the amount of pension of persons retired after August 10, 1970 for accidental disability under Section 7 from two-thirds to 72 per cent.

Percentage factors for cost-of-living payments in December 1971 under Section 102 of Chapter 32 will be as follows:

For persons whose retirement allowances were effective before January 1, 1966 the percentum increase will be 22.2 per cent.

For persons whose retirement allowances were effective:

		%
In 1966	Percentum increase	18.9
In 1967	Percentum increase	15.8
In 1968	Percentum increase	11.4
In 1969	Percentum increase	6.0

There were six non-contributory pensioners and three beneficiaries receiving retirement allowances from the town as of December 31, 1970.

**REPORT OF THE PLYMOUTH DEVELOPMENT
AND INDUSTRIAL COMMISSION OPTIMISTIC ABOUT
ECONOMIC FUTURE OF PLYMOUTH**

This statement is a major conclusion of a special study of Plymouth's Economics which has been geared to present unemployment rates, up drastically from other years. This has been due in a large measure to layoffs of Plymouth people who have worked out of town but file their claim at the local Employment Office.

The area's principal economic activity for the last century has been rope making and textiles and in the last few weeks Plymouth saw the complete end to rope making. To entice new industry has been a time and money consuming task. The reward has been slowed by recent economic conditions. Tight money has reduced economic expansions to a standstill and other areas have faced serious layoffs.

In keeping with the concept of including small diversified industry in the economy so that slowdowns and other material changes would not leave a large scar on our town we are happy to say that no layoffs have taken place in Plymouth by the new employers. In fact, the opposite has happened.

Vaponics, Inc. developers and manufacturers of water purification equipment, located in Cordage Park, has turned out to be a growth industry and at present has added 25 new jobs to Plymouth's economy and is still advertising for employees. Recently Vaponics has been awarded a government contract for water purification equipment for the Safeguard of the Antiballistic System for \$188,000.00.

The Plymouth Industrial Development Corporation is building and leasing back to Arnold Trailer, Inc. through a Small Business Administration loan to the Corporation a 12,800 sq. ft. building that should be erected and completed before spring. The cost of the building

will run in excess of \$150,000.00. Net result — 30 new jobs, and a planned potential of over 30 additional jobs in two years.

Colonial Candle Company, now occupying close to one-half million square feet of storage space in Plymouth Cordage Park, is a new addition to our economy and at the present time has added 65 new jobs to Plymouth payroll with an expected increase to over 100 jobs by the middle of 1971.

Lecomar, Inc. has recently undertaken an expansion program and moved from quarters in the old Harris Hall to Cordage Park, occupying ground floor space of Mill No. 3 — employment of 19 jobs.

Pixley-Richards, Inc. and Ad-Tec Products, Inc. have now completed their new buildings in the Plymouth Industrial Park made possible through 100 per cent finance loans to the Plymouth Industrial Development Corporation by the Small Business Administration. This has meant more jobs and new taxes.

During the last year, the Corporation has executed an option to Balsbaugh Laboratories, Inc. in Hingham, Mass. who expect to erect a new building in the Plymouth Industrial Park on Armstrong Road sometime within the next year.

Thirty-one new prospects have been serviced in the past year — six of these are still active.

Despite an announced unemployment rate of 14.2 per cent for the Plymouth area for the month of December, 1970, the Plymouth Development and Industrial Commission faces the New Year with determination and feels that it has the right program and the right tools for additions to, and expansion of Plymouth's Industrial Development.

REPORT OF THE CONSERVATION COMMISSION

Two years ago a public awareness in environmental problems emerged in this country, and we began to hear new words like ecology, and the reflection of that public awareness was apparent in our 1969 report. Now in 1970 that public awareness has not only continued, but expanded to become a much more critical concern, as the problems have become much more critical, and that concern has touched about every activity affecting our daily lives . . . whether it be cyclamates, mercury, pesticides, msg in baby-food, oil spills, air-pollution, SSTs, instant airports, open-space losses, beach erosion, landfills, or what have you, until the Nation's environmental voices are finally heard for at least one full day devoted to just those issues, and that was Earth Day.

Well, the concern continues, and it continues to expand, and the work of this Commission reflects a lot of that concern. The Billington Sea treatment is typical perhaps of that concern. Here was a case where despite the absence of Town support the State decided to dump 6,300 gallons of arsenic solution into this pond to kill pond weeds. The State got its approval over the Superior Court injunction of this Commission which was armed with the written statements of five of the nation's best experts on the subject. Anyway, the deed was done, and since then half the States in the Country, plus the Federal Government itself, have either banned or restricted that chemical for such use. It is hard to tell what the results of the treatment have been since the main growing season is in warmer months, but with the naked eye the weeds are still visible, and we expect the worst. To date, the State Health Department has not replied to our requests for their documented report on the results of the cleaning.

We have been busy discussing the effects of further losses of Town Forest, too, which you'll hear about at this meeting. Whether it be for new schools, municipal

garages, rinks, or power-lines we are concerned that all these purposes, however justified, nonetheless have the effect of reducing the Town Forest.

Much of our time has been spent speaking to civic groups about these problems, since a major responsibility is to keep the residents informed of such issues. Many hearings have been held involving filling of marshlands, drainage problems, the pollution of Bartlett Pond, and others and this Commission has been closely involved in the projects of the Beach Study Committee, the Ramp Committee and Harbor Committee, the Pond By-Law Committee, and several youth conservation projects.

We co-sponsored, together with the Manomet Bird Observatory, a "Conservation Nite" and filled P-C auditorium for a program hailed as magnificent by those who came. Two more such evenings are planned for this year.

This year our Commission began to write a weekly column in the Old Colony Memorial called "Conservation Corner," to help communicate the public conservation matters, and we have increased our cross-representation with other town agencies by assigning members to Planning Board, Harbor Committee, School Department, Park Department, etc., so that we have enjoyed excellent cooperation with those groups, and have tried to reciprocate.

Together with the Boy Scouts and the Boston Edison Company we have been planning a planting of some 5,000 evergreen trees along Rte. 3A under the power lines, which will eliminate a blight, provide an income-producing conservation project for the scouts annually, and set a precedent for cooperative effort between the Town and local industry to beautify barren area.

More along the positive side was the public field-day held in May at Russell and Sawmill Ponds, during which time volunteers worked hard to erect fencing:

dredge the ponds clean with grapples; repair retaining walls, trim, cut, paint, and generally beautify the area; design erosion controls; and the scouts designed and laid-out log-trails throughout the area . . . a worthwhile day.

This has been that kind of a year, a working year for a working Commission, and we are proud of it, but perhaps the most significant business on our agenda was the start of a new program.

The program is called a "*Natural Resource Inventory*." It will do three important things for this town; 1) it will tell us what we have for natural resources; 2) it will help us to decide the best ways to use what we have, according to what the town wants, and what it needs; 3) and it will help to achieve the land-use objectives set for the Town.

As a guide in this work, we have established a committee of some fifty townspeople, including voters and non-voters, from all five precincts; and including members from every agency and committee in Plymouth, and including the entire senior class of Plymouth-Carver High as one member. It is essential that the widest possible interest and representation be shown on the committee because the results will affect the future of Plymouth at perhaps every Town Meeting after this one in a very profound way. We encourage everyone with any interest in Plymouth to join us in this program.

Our Commission has seen the exchange of several members this year, and we are encouraged that as many as ten people routinely seek an appointment to this Commission when only a single vacancy has existed. We plan to make good use of the public interest by encouraging a separate conservation group in Plymouth . . . like "Friends of Conservation" perhaps.

This report acknowledges the aid and assistance of the Board of Selectmen and of the many agencies of

the Town, and expresses its gratitude to the residents of Plymouth for its vital support.

REPORT OF THE PLYMOUTH HARBOR COMMITTEE

1970

To: The Honorable Board of Selectmen:

The Plymouth Harbor Committee submits the following report in accordance with Article 102 of the 1962 Annual Town Meeting.

The Committee held regular monthly meetings throughout the year and was represented at Federal and State hearings, when necessary, to maintain contact with legislative or other action concerning Plymouth Harbor and adjacent areas.

The Plymouth Harbor breakwater, already proven effective, now presents a more finished appearance. Estimated completion date will be in August, 1971.

Progress report on Article No. 50, 1970 Town Meeting, regarding the Plymouth Boat Launching Ramp proposal: The Harbor Committee, through its Ramp Subcommittee, advises the Town that progress has been made to bring a first-class launching facility to the harbor conforming closely to its original proposal. Many questions have been answered, many studies and plans made, including aerial photos, monthly meetings have been held by the State Access Board. All parties are agreed that Plymouth will have a first-class ramp, at

no cost to the Town, hopefully in time for the 1972 season.

This Committee notes that raw sewage still continues to be dumped within the harbor.

The Harbor Committee is reviewing the Plymouth Harbor By-Laws and one request will be the change in fees under General Regulations—G. Fees.

Plans are being considered to request future funds for the re-dredging and maintenance of the old mooring basin in the Plymouth Rock area.

The expanding harbor facilities and the probability of extensive development in our waterfront area will demand intensive, realistic planning and control. The many problems of growth must be resolved in the best interests of all concerned. This will require a great amount of time and dedicated work on the part of many.

ANNUAL REPORT OF THE PLANNING BOARD

1970

The activities of the Plymouth Planning Board in 1970 were conducted during the regular meetings held on the second and fourth Mondays of the month and during special meetings held throughout the year. In addition, the Planning Board office at the Town Office Building was open for business between the hours of 9 A.M. and 12 Noon, Monday through Friday, under the direction of the secretary, Mary B. Searles.

At the Annual Town Election held on Saturday, March 7, 1970, Mr. Louis J. Cotti, Jr., was re-elected to the Board for a five-year term. At the organization meeting held following the Town Election Mr. David M. Crawley was re-elected Chairman, Mr. Alfred Almeida re-elected Clerk and reappointed to represent the Board on the Plymouth Conservation Commission for one year; Mr. Louis J. Cotti, Jr., reappointed as representative to the Southeastern Regional Planning and Economical Development District and Mr. Richard F. Withington appointed to the Capital Outlay Expenditures Committee as a representative from the Planning Board.

During the year there was presented for approval under the Subdivision Control Law a total of 18 plans for subdivision. Three of these, with a total of 118 lots, were approved and endorsed; one plan was disapproved and 14 plans, with a total of 1,263 lots, are pending final action. In addition, 82 plans, involving 231 lots, were submitted under the classification "Approval Not Required" and were endorsed.

Many special meetings were held with representatives of Whitman and Howard, Inc. to prepare and complete revision of the Rules and Regulations Governing the Subdivision of Land in Plymouth. This work terminated with a special hearing and the new document

was filed with the Plymouth Registry of Deeds and Land Court and made effective on October 26, 1970.

The Board's study for future action on the development of the Town Wharf Area was approved at the Annual Town Meeting and was directed to be accomplished by the Plymouth Redevelopment Authority under a State-aided Urban Renewal Program.

The Board received an appropriation of \$5,000.00 and was able to continue the employment of Mr. Brewster W. Fuller of Whitman and Howard, Inc. as consultant, to examine plans as well as the construction of all subdivisions.

In addition, the Board acted on nine Zoning Amendment requests for the 1970 Town Meeting; two for the Special Town Meeting in June 1970 and one for the Special Town Meeting in December 1970; followed by another for the Annual Town Meeting in 1971.

On December 28th a letter of resignation was received from Mr. Alfred Almeida, newly elected State Representative, effective January 1, 1971. Mr. Almeida was elected to the Planning Board in 1964 for a five-year term and re-elected in 1969. On July 8, 1969 he was elected Clerk of the Board. During his terms Mr. Almeida served on many special committees, also as representative on the Capital Outlay Expenditure Committee and Conservation Commission. His resignation was accepted with regret and the Board commented on his dedicated service to the Board, which was greatly appreciated by all the members.

Mr. Elmer R. Harlow, Jr. was subsequently elected to fill the position of Clerk, caused by Mr. Almeida's resignation.

All in all, it was a very active year for the Board with even greater activity contemplated for the future.

REPORT OF THE TOWN ENGINEER

To the Honorable Board of Selectmen:

During 1970, layout plans were made for Gunner's Exchange Rd., a portion of Long Pond Rd., from Herring Way to Wareham Rd., Extension of Dwight Ave., a portion of Esta Rd., Hopkins Rd., Packard St., Abandonment of a portion of Samoset St., and Abandonment of a portion of Long Pond Rd. These layouts were accepted by the Town in 1970, and permanent concrete bounds were set on the new street lines.

Drainage surveys were made at various locations in Town, and drainage easement plans were made on Summer St. and Water St.

Many engineering reports on various matters were made to your Board.

Surveys and plans were made of Oar & Line Rd. and Long Pond Rd.

A permit plan was made for dredging Eel River.

A survey was made of a portion of Bourne Rd.

Miscellaneous surveying and engineering work was done for various Town Departments.

Respectfully submitted,

EDWARD CHASE
Town Engineer.

**ANNUAL REPORT OF THE BOARD OF
CEMETERY COMMISSIONERS**

To the Honorable Board of Selectmen:

The care and maintenance of the several cemeteries has been carried on as usual this past year.

The chain link fence around the Oak Grove and Vine Hills Cemetery has been painted. We found it necessary to take measures to eliminate the parking of cars by the fence at the Route 44 cloverleaf. The fence was being badly damaged by the cars backing into it. The so-called dumping area is gradually being eliminated as such; and will be turned into badly needed grave-sites in the future. Re-seeding of areas as needed has been done in an effort to continue to improve the over-all picture. We were able to accomplish more tree trimming and removal. Another year will see the beginning of a positive tree planting program.

Tourists complaints have been received because there is no one at Burial Hill to assist them in locating the graves of their forefathers. We feel justified in our decision that we cannot afford full-time personnel there for the purpose, due to the fact that labor costs continue to rise.

Plans are in progress to landscape and provide more lots in the Manomet Cemetery, also to widen the driveway of the Chiltonville Cemetery.

The resignation of Gordon McCosh as Superintendent of the Manomet Cemetery was received with regret. He has been associated with that cemetery since 1932 and is a veritable "Book of Knowledge" regarding the lots and the affiliated families. He has been missed by many who always thought of him in connection with the Manomet Cemetery.

In an effort to centralize the labor and adminis-

tration of the department, Superintendent Smith will handle the administration of the Manomet Cemetery as he does the other outlying cemeteries. It is our aim to better serve the public by so doing.

In early December a public hearing was held by the Board of Health through the Commission of Public Safety to allow the development of the cemetery on Route 80. This thirty-five acre plot encompasses the so-called Parting Ways Cemetery which dates to the early 1800's and is of historical background. This tract will be gradually developed, enabling us to offer lots for sale about five years hence.

We cannot terminate this report without mention of Mr. James A. White who retired from the Board in March.

He was appointed to the Board in March 1963 to fill an unexpired term caused by the death of Mr. Earle Burgess. He ran in the regular elections of 1964 and 1967, being elected each time for a three-year term. He chose not to serve again when his term expired in March 1970. At the time of his retirement, he noted that he had first served the Town in 1929 and had served in some capacity every year since then. The Board regrets the loss of such a valuable committee member. His familiarity of the workings of the cemetery and his practical solutions to many of its problems made him a great asset to the Board. His recommendation concerning compulsory perpetual care funds has proved advantageous. He has been missed by all members of the department.

The Commissioners would like to express their thanks to all personnel in the department for a job well done in the maintenance and care of the cemeteries and for services performed.

Our thanks, also, to all other Town Departments

for the services and cooperation given us during the year.

The receipts and payments of the department are listed in Schedule "A" and Schedule "B" of the Town Accountant's Report.

1970 AIRPORT ANNUAL REPORT

Plymouth Airport, in operation 365 days of the year, continued to provide superior services to the flying public during 1970. Compliments were received for the convenient radio communication facilities, efficient aircraft services, and well-lighted, unobstructed runways, surrounded by grassed areas. During the winter airport crews kept the runways clear and dry.

A new two story Colonial designed Administration Building was constructed with town funds at a cost of \$39,000. It provides rental office space, a conference room, compact flight planning area, comfortable attractively furnished lobby, and unfinished second floor for future enlargement. Ample taxi-ways and parking aprons, coupled with automobile parking add to the conveniences at the new building. Plymouth has become a regular stop for local air traffic.

Lessees at the airport provide a broad range of facilities, such as minor and major maintenance of aircraft, flight training, air taxi charter service, scenic and historical tours, helicopter service, glider operations and an F.A.A. designated Flight Examiner. Many pilots were licensed from Plymouth during 1970.

Activities continue to increase as evidenced in the sale of gasoline, transient aircraft services and plane storage. The annual air show sponsored by the Plymouth Aero Club and Island Flying Club, provided thrills for 4,000 spectators.

Road traffic to the airport as well as the rapid expansion of home developments, make the need for resurfacing of South Meadow Road, more urgent. The winter of 1970, did much damage to the road. It is hoped that the work will be completed before Spring of 1971.

This year, a new access road to the new building is the Federal, State and Town project. Engineering plans for this have been completed and construction will start in the Spring.

REPORT OF THE SEWER COMMISSION 1970

We have the honor of presenting the first report regarding Plymouth's Sewage Disposal and Treatment Plant in its first year of operation.

Your Sewer Commissioners, all elected to this office in March, 1970, want to report that the business office is located in the Town Office Building and is staffed by Mrs. Elizabeth J. Sander.

The Commissioners are working on the problem of night soil deposit, which was a primary concern of the Construction Committee. Presently we have in operation the construction of a sewer line on Nick's Rock Road.

During this partial year of operation we have worked with the Sewage Disposal Treatment Plant Construction Committee as this has been an interim period, and also the work of the Construction Committee has to be completed before the entire operation, plant and system, is turned over to the Sewer Commission.

Statistical Report

Main Plant started operating March 19, 1970

Holmes Point Station started March 31, 1970

Knapp Terrace started March 31, 1970

Winter Street started March 31, 1970

State Pier Outfall closed May 18, 1970

Flow at start, 74,000 gallons; at present 1.3 million gallons per day

In 1970 we processed approximately 338 million gallons of sewage

We wish to thank the Board of Selectmen, and through them the Highway Department, for their assistance during this period as we were understaffed.

REPORT OF THE PLYMOUTH PUBLIC LIBRARY

DIRECTORS

President	Mr. John A. Smith, Jr.
Vice President	Mr. Donald W. Heath
Clerk	Mrs. J. Robert Browning
Treasurer	Mr. J. Mason Washburn
Mr. E. S. Dethlefsen	Mrs. Henry C. Britton
Mrs. David C. Crocker	Mr. Earl S. Rose
Mrs. Edward Krensky	Mr. Reno L. Zammarchi
Mr. Robert L. Walters	

The year 1970 showed increased use of the public libraries in Plymouth, both in number of items borrowed: 128,268; and in the number of registered borrowers: an increase of approximately 10 per cent over all. The Main Library on North Street and the Loring Branch in North Plymouth, as well as the Manomet Public Library, continued to provide library materials and personnel to assist the public in their use. In addition, the Eastern Regional Library System has been called upon to lend Plymouth patrons still more books as well as films.

Mrs. Jean Ireland is bringing great enthusiasm and ability to her work with the children of Plymouth. As well as the regular duties in the Children's Department she has held a puppet show on the Lindens lawn, and holiday story hours in both neighborhoods. Active liaison with the schools has enabled her to reach out to a still larger clientele.

The Music Department has been very active, both in providing many new recordings and books, as well as weekly "Recordings Concerts" and the use of the record player in the Grace B. Loft Music Room.

Art exhibits and pictures to lend have enriched the Library's facilities. The Reference Department provided resources for answering a variety of questions ranging from simple telephone requests up through lengthy research problems. Although no statistics are kept of the number, every day has seen constant involvement in this type of work. All these activities together make up the Libraries' work to provide information, recreation, culture and education for the Town of Plymouth.

Respectfully submitted,

KATHARINE F. FREELAND,
Library Director.

REPORT OF THE 350TH ANNIVERSARY COMMITTEE

To the Honorable Board of Selectmen:

The 350th Anniversary Committee was active throughout the calendar year 1970. Stories of pending celebrations of the anniversary in Holland, England, and in Massachusetts began to appear in newspapers and magazines in early February and such publicity increased as the starting dates of these celebrations and the special events of the planned program were reached.

Other means used to publicize the celebration included radio, television, printed pamphlets, and a commemorative map. Among the items most widely distributed were printed copies of talks that had been given on the anniversary; 3000 copies of the March 12, 1970 Old Colony Memorial issue showing calendar of events together with other 350th news items; and 4000 copies of printed pamphlet entitled "Come to Pilgrim Country for the 350th Anniversary," and 100,000 "Plymouth — 350th Commemorative Maps."

Information was sent to some 4000 radio stations through the country of which about 10% responded favorably and gave free publicity over a period of several months prior to the opening date of our celebration. Most telecasts comprised news items related to the key events that took place during the Fall months. However, an interesting pre-planned telecast appeared on the "Today Show," narrated by Paul Cunningham on Thanksgiving morning.

Numerous committee meetings were held throughout the year to develop the program, raise funds, and to act on the various business activities associated with the celebration.

Commemorative souvenir items commissioned by the Committee included: bumper stickers, decals, coins or medals, jewelry, glass bottles and plates, flags, pen-

nants, souvenir guide book, first day covers and souvenir sheets associated with the commemorative stamp issued by the United States Post Office. The committee was greatly assisted in the sale of these items by some forty organizations, retail outlets, and by volunteer workers and mostly without profit to themselves. The committee's expenses were defrayed in part by the sale of these items by approximately \$17,000.

A contingent of the Committee members, as well as State and other interested persons, attended the opening ceremonies in Holland and England in late April and early May without any appreciable cost to the committee. Dignitaries from those countries reciprocated and attended our opening ceremonies which started on September 12th.

Key events included:

September 12th—Opening Day: Old Colony Club Morning Parade, with official opening ceremonies at Plymouth Water Front; dedication of flagpole in memory of James A. Leland, Grand Pilgrim Parade in the afternoon, dinner, fireworks and opening night ball. Chief guests of honor were Governor and Mrs. Francis Sargent.

October 7th—Arrival of Swedish-American liner Kungsholm at end of Mayflower Cruise to England and Holland with gala welcome for Lord Mayor Eric Nuttall of Plymouth, England, the passengers, and crew.

November 21st. Re-enactment of the signing of the Mayflower Compact. First Day of Issue Commemorative Stamp ceremonies and dinner. Chief guest of honor was Assistant Postmaster General Henry Lehne.

November 22-29. Thanksgiving week in Plymouth.

On Sunday, November 22nd, the Plymouth Philharmonic Orchestra presented an afternoon Thanksgiving Concert at Plymouth-Carver High School auditorium and the famed Barrington College Choir from Barring-

ton, R.I., presented a concert of Sacred music at the Church of the Pilgrimage.

On Thanksgiving Day, in addition to the traditional activities of the Union Thanksgiving service at First Church, open houses, Public Thanksgiving Day Dinner at Memorial Hall and Pilgrim Progress, the 350th Anniversary Film Theatre presented Pilgrim related color motion pictures at Memorial Hall, and also presented "Thanksgiving 1623," a dramatized re-enactment of a complete Pilgrim Sabbath meeting stated in a \$4,000.00 set reproducing the interior of the Pilgrims' Old Fort Meeting House.

On the evening of Friday, November 27th, the 350th Committee presented the premiere performance of its international ethnic dance show, "Pilgrims All" at Memorial Hall; and on Saturday evening, November 28th, the Anniversary's big musical "America 350" was presented at the Plymouth-Carver High School Auditorium.

On the afternoon of Sunday, November 29th, at the Church of the Pilgrimage the Committee presented "Four Centuries of Praise," a concert in which actual Pilgrim hymns from the Ainsworth Psalter were sung by the New England Conservatory of Music Chorus and the Anniversary's combined church choir presented the array of sacred music that followed in America from early colonial to modern times.

December 20th: Major address by Evangelist Billy Graham and re-enactment of the 1620 Pilgrim Landing at Plymouth Rock with Dr. Graham officiating.

Other events and activities included:

1. An impressive commemorative ecumenical service at Memorial Hall on Sunday, September 13th with denominational leaders from various parts of our country and England participating.
2. "An Evening with Myron Floren" was presented on October 23d at Memorial Hall. Mr. Floren,

a national Accordion Virtuoso, was accompanied by Doris Tirrell, Organist, Walter R. Lendh, pianist, and David Benjamin, Baritone.

3. The dramatized re-enactment of a complete Pilgrim Sabbath—"Thanksgiving 1623"—which was presented on Thanksgiving Day, was also presented at the Plymouth-Carver High School Auditorium on two other occasions.

4. The folk dance spectacular "Pilgrims All," which has its premiere performance on November 27th, was presented again on December 18th.

5. The Committee's Christmas Concert was presented by the Old Colony Choral Society at the Plymouth-Carver High School Auditorium on December 15th.

6. There was an evening of Square and Folk dancing with Howard Hogue; other specialty shows, and concerts, speaking forums, re-enactments, 350th oriented demonstrations, motion pictures, and exhibits in Plymouth and elsewhere.

The Town appropriation of \$25,000.00
was expended as follows:

Office Rent	\$70.00
Office Supplies and Equipment	1,465.00
New England Telephone	1,685.00
Printing and Advertising	2,619.87
Photography	290.00
Shows, Ecumenical Services and	
Musical Events	5,653.70
Salaries and Expenses	8,273.00
Flags and Signs	2,426.40
Bumper Stickers, Decals and	
Buttons	1,758.96
Auto Expense and Trucking	130.00
Miscellaneous	628.07
 TOTAL	 \$25,000.00

The Plymouth County Commissioners assisted the Committee by defraying part of the costs of the Grand Parade and the First Day Issue Stamp ceremony.

The Committee was greatly assisted by the Department of Commerce and Development of the Commonwealth of Massachusetts during the Spring and Summer in publicizing and planning the Opening Day festivities. The Plymouth Area Chamber of Commerce interchanged information with the Committee and helped by defraying part of the cost of the First Day Issue Stamp Ceremony.

The Committee entered into an agreement with the Penn-Central Railroad Company, and made a deposit, to purchase 6 acres of land in Plymouth. An Article, sponsored by the Committee, will appear in the 1971 Town Warrant asking to have the Town acquire the property for a parking lot and/or for other useful purposes.

Throughout the year the Committee received a large volume of mail and responded to the many requests for information concerning the celebration and the town.

The Committee expresses its sincere thanks to the Board of Selectmen, and to organizations and individuals far too numerous to mention, for the splendid help and cooperation which have enabled us to present a suitable celebration in honor of the Landing of the Pilgrims.

**ANNUAL REPORT
PLYMOUTH REDEVELOPMENT AUTHORITY
1970**

1970 was the year when the Plymouth Redevelopment Authority could enjoy some of the fruits of its efforts in the Summer-High Street area.

Town Brook Park flourished during the Spring and Summer months and was enjoyed by many people. Jenny Grist Mill, constructed on Spring Lane, was completed and in full operation for the summer tourists. The hotel constructed on Parcel C-1, although it encountered financial problems stemming from difficulties in construction, did enjoy a good Summer occupancy. The property was sold on November 20, 1970 to Carl and Mary Faulkner, and will be operated as the Governor Carver Inn. The need for the facility on the C-1 site is now obvious and we feel confident the Inn will enjoy a good business in future months ahead.

The Spring Hill Garden Apartments have begun to take on a natural-looking patina and the grounds always appear to be well manicured which helps compliment the environment. The conservation properties on the south side of Summer Street have now been rehabilitated with the exception of one building, which will be completed within the next few months.

The Old Town House, now fully restored and returned to Town ownership on November 24, 1970, adds greatly to Town Square. It is hoped that great care will be taken by the Town in selecting committee members to work on the project of furnishing the old Courtroom. In recreating the 1749 Courtroom, great care should be taken to insure the Courtroom furnishings as they are representative of the 1749 period. Carelessly furnished, the Courtroom will defeat the intent of the entire project.

In other Authority business the Town of Plymouth, at the 1970 March meeting, directed the Plymouth Rede-

velopment Authority to prepare a study of the water front area, mainly encompassing the Puritan Mill area, the Penn Central Railroad yards, and some portions directly along the water front. As a result of a meeting with the Selectmen and Town department heads, the proposed project boundaries were extended to include certain Town owned lands for purposes of further beautification. The study, completed in June of 1970, revealed that much could be accomplished along the water front area including the construction of a new beach for North Plymouth citizens, a municipal marina, park land, recreational facilities, housing and rehabilitation of some existing homes.

In connection with the water front project, an Article in the March 1971 Town Warrant will request permission to file an application to the Commonwealth of Massachusetts for funds to proceed with planning activities. It is hoped the Town looks upon this Article favorably since the water front area in question is so rich in natural history and does reflect Plymouth, Massachusetts, United States of America. Very little, if any, of the land in the water front area will be sold to re-developers. The plan is to retain as much land as possible for public facilities in Town of Plymouth ownership.

Plymouth Redevelopment Authority member, Ralph L. Drew resigned, effective December 1, 1970. Mr. Drew was the Authority's first Chairman and guided the Authority through the difficult days of planning the Summer-High Street Project. The Authority accepted Mr. Drew's resignation with regret since he was always a strong leader and one who worked hard for the betterment of Plymouth.

PROJECT STATISTICS

For a list of Project activities completed by the Plymouth Redevelopment Authority during the period of 1963 through 1970, please see the master copy of the

1970 ANNUAL REPORT on file at the office of the Plymouth Redevelopment Authority. The Project statistics are too numerous to list herewith as part of this report.

RECOMMENDATIONS FOR YEAR 1971

The Plymouth Redevelopment Authority wishes to make the following recommendations:

1. The Town vote to appropriate the sum of \$9,236.00 to be used for administrative purposes by the Plymouth Redevelopment Authority.
2. The Town, through its appropriate agencies, move as quickly as possible in proposing new community improvements and area rehabilitation programs to stop the spread of slum and blight in certain areas of Plymouth.
3. The Town, through its appropriate agencies, initiate as quickly as possible the following housing program:
 - a. Rental and Cooperative Housing under Section 236 of the National Housing Act (1968) to provide rental housing for lower and moderate income families and individuals.
 - b. Homeownership Assistance Program under Section 235 I and 235 J of the National Housing Act (1968) to assist lower income families in acquiring homeownership.
4. The Selectmen, through its various agencies, move as quickly as possible to establish a program to enforce the Massachusetts Sanitary Code adopted by the Town of Plymouth in 1962 for the purpose of protection against fire and health hazards for the lower income families and individuals who are forced to live in low rental, substandard, dwelling units.

In conclusion the Members and Staff of the Plymouth Redevelopment Authority wish to thank all the citizens of Plymouth whose support and cooperation made the Summer-High Street Urban Renewal Project one of the most successful projects in the State of Massachusetts.

REPORT OF THE MUNICIPAL GARAGE

PLANNING AND BUILDING COMMITTEE

This committee held frequent meetings to decide what type of building and where to build it. We finally decided on what is called an expanded steel building, and to ask Town Meeting for a small parcel of Town Forest for the site.

The Town Meeting of 1970 voted \$90,000 for construction of a Municipal Garage including a piece of Town Forest for the site.

The money and site having been voted favorably, plans were prepared and bids invited.

Low bidder was the McCann Steel Building Construction Company, and received the contract.

The location of the garage is on the North side of Long Pond Rd. about three quarters of a mile West of Route 3.

This building is 80 ft. by 100 ft. with a 20-foot eave height to accommodate three 12-ft. by 16-ft. overhead doors. The garage has floor drains, under exhaust vents, mechanics tool room, storage rooms, shower, toilet and locker rooms with offices on the mezzanine.

These offices are reached by an outside stairway leading into the Highway Department Office. A gallery and inside staircase provide access to the garage from all offices. The Highway office is provided with toilet and hand basin.

The Highway and Tree Superintendents will have private offices with a room for the sign shop.

Heat is supplied by three large blowers, two for the garage and one for the offices.

No Town water being available an artesian well was necessary. It is a six-inch well about 130 feet deep, with plenty of water for the immediate and future needs of the garage.

Due to the unexpected high costs of the sewage and floor drains systems, it was necessary to ask the Finance Committee for an additional \$2,000.

Mr. Ralph Bonna and the Highway Department have been very helpful and cooperative during the construction of the Garage. Without their help the Garage would have cost several thousand more dollars.

REPORT OF THE PLYMOUTH HOUSING AUTHORITY FOR 1970

Honorable Board of Selectmen:

The year 1970 was marked by a serious housing crisis which lasted through the summer months and actually saw some families housed in a church hall, while many others, at least temporarily, were put up in motels. It was a frustrating time for the Housing Authority since almost every remedy suggested came into conflict with town zoning laws, or with the desires of the people in the neighborhoods or with both.

In August, the Board of Appeals heard a petition of the Authority to build some duplex houses in scattered sections of the town, to provide housing for large families of low income. Permission for duplex houses is discretionary with the Board of Appeals, which denied the petition.

After appeal to the Superior Court, the Board of Appeals was overruled in January, 1971, and the Housing Authority now expects to begin construction of four duplexes in the year 1971.

Another probable factor in making more housing available to the Authority this year is the building, by more than one private developer, of apartment complexes with financial assistance from either Massachusetts Housing Finance Agency or the Housing and Urban Development Department of the Federal government. In either case 25 per cent of the apartments will be leased to the housing authority for sub-letting. If any one of these projects gets off the ground, it is probable that Plymouth's immediate housing problem will be solved.

The Authority continues to administer 110 apartments for the elderly, 40 veterans' apartments, and four leased apartments. In 1970 the legislature put a ceiling of 25 per cent of income on rents of elderly tenants. The Authority had previously charged a flat

\$55 per month including utilities. That figure has now been substantially lowered in many instances.

The 1971 annual town meeting will be asked to approve an additional project for the elderly, since many of Plymouth's aged are being seriously caught in the low-income, high-rent bind. Rents in general are spectacularly higher throughout Plymouth than they were a few years ago, while Social Security increases have been minimal. There are elderly in Plymouth with total incomes lower than \$100 per month.

Although some such persons could be aided by the Authority through rent subsidy, it is the experience of the Authority that for more economy can be achieved through an Authority-built project. For one example, the Southfield apartments are heated for six dollars a month each. Best of all, this economy is achieved at no expense to the taxpayer, but merely because the Authority can buy fuel at wholesale rates.

No town money is spent on any of the Housing Authority's activities.

The year 1970 saw one change favorable to the Authority. Its interest rate on December borrowing was 2½ per cent less than on the borrowing in December 1969. This effects a saving of \$35,000 in interest.

ANNUAL REPORT OF THE WATER COMMISSIONERS

The 116th Annual Report is hereby submitted by the Board of Water Commissioners and covers the calendar year 1970.

The total rainfall during the year amounted to 46.37 inches, which is the annual average for this area. The year ended with the water elevation at Little South Pond at 104.47 feet compared to 105.17 feet for the previous year end.

Receipts from the sale of water, connections to mains, services rendered, etc. amounted to \$342,982.58.

The pumpage for the year amounted to 1,238,803,286 gallons which exceeds last years high by 160,821,136 gallons.

In July of this year the 16-inch gravity main from Little South Pond to the pumping station ruptured causing great alarm, as we use some 2,000,000 gallons per day from this source. The Water Department worked around the clock repairing the main and only with the Lout Pond well pumping 24 hrs. per day and a total water ban, were we able to supply water to most of our customers.

It is quite apparent that the two gravel packed wells that we are asking for at the March 1971 Town Meeting, are urgently needed.

Work on the Rocky Hill High Service area began in October of this year and at years end, over a mile of 12-inch mains were laid and the tank foundation completed. Construction of the one million gallon tank will be started the second week of February, 1971 and the pumping station as soon as weather permits.

This project, which will be completed prior to July, 1971, will bring adequate water pressure to this area for the first time.

The 6-inch jacketed mains in Clark Street and Braunecker Road were replaced with eight-inch A.C. mains and fire hydrants as part of our scheduled replacement of old mains.

HAROLD W. BAKER
Town Collector

**REPORT OF THE
COMMISSION OF PUBLIC SAFETY**

Annual Report — 1970

The year 1970 showed a marked increase in activities in all Departments under the Commission of Public Safety.

The growth of our town is mirrored by the increase in new construction, almost one million dollars more than in the previous year, and a three-fold increase in alterations of existing buildings to over one and one-half million dollars. With the increase in our population according to the last census, it is inevitable that building construction should increase. This is a healthy and happy condition for our town.

The Dog Officer was pleased to announce that a new animal shelter had been constructed in Manomet at no cost to the town. The labor, materials, and building were donated by public-spirited citizens who were anxious to provide a suitable, temporary shelter for the dogs picked up by the Dog Officer. There has been some talk about instituting a leash law, but we will have no comment on this until the next town meeting.

The Sealer of Weights and Measures has had a busy year. There have been very few complaints registered so far as weighing of commodities for sale.

The reports of the Wiring Inspector, Plumbing Inspector, and Gas Inspector all reflect the progress in building around our community.

The Police Department acquired a radar unit under a grant from the federal government which should be an aid in law enforcement. Eric Nelson retired as a patrolman after many years of faithful service, and we wish him good health and many days to enjoy his retirement.

We have not yet appointed the five men designated as regular patrolmen pending Civil Service action.

Chief Tracinka, Captain Leonardi, and the entire force should be commended for their cooperation and patience in handling the various activities associated with the 350th Anniversary of the Pilgrim Landing. We were fortunate during the inaugural day of this event to have mutual assistance from many of the surrounding towns. Without this addition to our own force it would have been impossible to handle the numbers of people who came to Plymouth for that parade.

We are increasing the number of walkie-talkies issued to patrolmen and are studying every advance in communication to relieve the pattern of routine work on the police officers. The addition of a four-wheel drive vehicle was a welcome asset. We are endeavoring to cover many sectors of our town, particularly during the busy months with added patrol cars and added personnel. We made a good start in 1970 and hope to improve in 1971.

The Fire Department was enriched by the delivery of the new diesel-powered, thousand-gallon pumping engine. The town voted in 1970 for a new ladder truck and this is expected to be delivered in March or April of 1971. We are still awaiting delivery of two forest fire trucks, one of which was voted in 1969 and the other in 1970. Ralph Lyman resigned from the department to take employment elsewhere. We may have a problem to increase personnel if various bargaining sessions with the concerned parties are successful. The Fire Station Study Committee will probably have a report for the 1971 town meeting.

It is gratifying to note the marked reduction in the incidents of infectious diseases, such as measles, German measles, chicken pox, and mumps. This is a direct result of immunization which has been offered by both the schools and the pre-school children at the Health Office.

We are in the process of obtaining the services of a Sanitary Engineer to explore the site and type of dump which will be necessary in the next two years after the South Street Sanitary Land Fill has served its purposes.

We are continuing to impress prophylaxis health procedures so that we may not be involved in any disease epidemics.

As in past years, the Commission of Public Safety is grateful to heads of departments and personnel who labor diligently and loyally to fulfill their appointed tasks.

ANNUAL REPORT OF THE SCHOOL COMMITTEE AND THE SUPERINTENDENT OF SCHOOLS

Once again in cooperation with the several members of our Administrative Council and with the members of the School Committee I submit the annual report of my administration of the Plymouth Schools. My service now enters upon its second decade, and I continue to be most thankful for the level of support provided by School Committee members and the residents of this community.

Certainly, you must be aware of the fantastic increase in the rate of growth that has occurred in the past few years. New housing starts and the burgeoning construction of apartment house complexes have done much to overcrowd our present classroom facilities. Construction of the Regional Intermediate School will provide a certain relief from our present critical condition, but I would be foolhardy not to point out the need for a beginning to our planning for a new elementary facility. It was our hope that we could provide for Grades Kindergarten through three in each of the present neighborhood schools. It has already become apparent with present enrollments that this will not in all cases prove possible. Population projections are frightening facts that must be faced. We look forward to this growth and alert you now to the increasingly evident need of broadly expanded school services.

We do believe that it was with a sense of deep regret that Mrs. Jane Gellar decided not to continue her service to our School Committee. Her gentle manner and quiet wisdom have been greatly missed. It can be truly said that Jane Gellar served very well the needs of the children whom she loved so very much.

This was also the year in which we lost the advantage of two other ladies whose service to Plymouth will long be remembered. We were privileged to attend a thoroughly delightful testimonial dinner that was or-

ganized by parents to honor the thirty-seven years of service by Mrs. Alton White. It seemed wonderful to see so many of her old friends who came to wish her well. As much as we shall miss Eleanor White, we are pleased to see her move into retirement with such a lively step and can but wish her many years of continued happiness.

It was in 1927 that Elouise Cashin came to the Manomet Elementary School as a teacher of Grades three, four, and five. In 1934 Mrs. Cashin was appointed Principal of that school. Taken from us by death, Mrs. Cashin was completing her forty-third year of service to the children of the Manomet section that she so much loved. May she rest in a richly deserved peace.

CURRICULUM

Our transitional classes at Manomet have proved of great value. This year we took advantage of Title I funds to create two such sections. This represents our effort to intelligently blend the use of federal and local funds for our experimental programs.

The essence of our curriculum development is found in our In-Service Program. Here we provide a wide variety of experiences whereby teachers may upgrade their skills in specific areas of instruction or may gain increased insight into the complexities of child development.

The linguistic approach to language study is being used as a pilot program in one of our schools. This is consistent with the change in emphasis which has been developing in the secondary school and college level programs. We are moving carefully here and feel that there are some exciting opportunities for improved progress in this critical area of study.

Libraries have long been recognized as the heart of the truly good school program. It is here that youngsters learn to seek out knowledge for themselves. It provides a sharpening of the proud sense of self-devel-

lopment. We are pleased to find these valued resource materials becoming each year more available to our young people.

Our Social Studies Committee has been hard at work developing materials for our planned changes in this field. We want to move away from the stultifying experience of the standard text book and its unrealistic emphasis on names and dates. We seek to create a multi-media approach to the humanistic understandings of the world around us.

Houghton-Mifflin, our new mathematics series, has gained a high level of acceptance through Grade three, and teachers of Grade four are presently preparing for its adoption at that level next year. Typical of our system-wide adoptions, we are moving here with care to have staff members adequately prepared for the changes that are being implemented.

GENERAL

We took particular pleasure from the public acceptance of the many different programs conducted during the summer. There were happy youngsters busy at every level from pre-school to Grade eight. Here are schools filled with youngsters who have come of their own initiative to gain instruction in areas where they and their families feel personal advantage may be taken. We have been most pleased by community acceptance and accept this as your recommendation for our continued support.

We have been pleased to expand our lunch services at all of our schools. A hot lunch has become a possibility for each child. We have shared the displeasure that many of you expressed towards the questionnaire on the free or reduced price lunch program. This was

done as a requirement for our continued support from State and Federal Funds. It is our hope that the day may soon come when school lunches may be free to all children without the insistence of the embarrassment that is presently being brought to many families.

Respectfully submitted,

PLYMOUTH-CARVER REGIONAL SCHOOL
COMMITTEE REPORT

In looking back on another year of this most important stewardship, we note with particular regret the loss of the man who had led our Committee from its inception, Dr. Samuel K. Stewart. It is the belief of those of us who have served with him over the years that so much of that of which we have been made proud in the development of our High School must be credited to the quality of leadership provided by this man. Sam Stewart charged us well with his own sense of dedication and responsibility. It is our firm hope that you will, with us, accept our school as a worthy tribute to his service to our Towns.

As promised in our last report, we began the year with a series of public meetings held throughout the communities to seek an improved understanding of your desires in regard to our planned Intermediate School and, more specifically, your thoughts on where it should be built. These meetings were well attended and made clear to us your desire that we seek permission to build in the Town Forest.

We were thoroughly gratified by the high level of support received at both Town Meetings in providing approval for us to borrow \$270,000 for the purpose of obtaining land and having developed plans and specifications for our new school sufficient to carry us through bid stage. This will allow us sometime in the spring or early summer to come before you with a request for a specific amount of money that you will be certain will provide the school as described in full detail by our architects.

To have our year off to the kind of start that lends credence to our stated faith in the wisdom and maturity of our students, we were pleased to accept the student request that we abolish the imposed dress codes at Plymouth-Carver. It was reasonably requested that

we do this on a trial basis. Student leaders assured us responsibility.

We have been encouraged by the willingness and displayed abilities of our administrators and teachers to take advantage of the regional and national conferences available to them in their specific endeavors. These represent in a very real way our windows to the world. Perhaps nowhere are the changes in our society more dynamic than in the field of education. There can be no clinging to a status quo that so completely shocked our nation at Kent State. Ours is a dedication to the school's primary responsibility to seek relevance and to provide a sensitive audience for those young people who spend these critical years of their development with us.

Operation Impact was created by the students who worked so well with Mrs. Urann to develop what may that they would accept the responsibility for censuring those within their group who might take unfair advantage of this new situation. We can only say that we have been most pleased by this acceptance of student well become an annual event in which we may each year take increased pride. Here we saw the beginnings of some very sincere dialogues conceived from the expressions of student need for information and for improved understanding of some of the problems of contemporary living.

During the summer we were delighted to serve as hosts for three wonderful young people from Britain. In cooperation with our A.F.S. people, host homes were found with the John Gilmore, the George Haigh and the Phillip Gibbs families. We are certain that those of you who met these visitors were made aware of how wonderful they found their American adventure. In his article within this report, Mr. Cingolani speaks of our school year visitors who have so well lived up to the fine traditions of the A.F.S. program. It is our hope for the future that we may have more of our youngsters take advantage of this opportunity to gain an in-

creased understanding of our place in the world community.

In keeping with our promise to the communities we have been pleased to note the continued and expanded use of the school facility. In both evening classes during the school year and in summer sessions during the used vacation period, we feel that we have served most effectively the needs of adults and students alike.

You will recall our support on separate occasions of community participation within a Regional Vocational School District. We are working now with the Department of Occupational Education to develop certain courses that would allow us to provide within our own school at least some of the advantages of this important field of study. This year saw our first step in this direction. We have implemented a course in auto mechanics. There has been an excitement about the success of this effort that convinces us of the significance of need for a broadening of occupational opportunities for our young people.

We are certainly pleased to welcome Mr. Domingo Thatcher as the newly elected member to our Committee from Carver. He will replace Mr. Arne Erickson whose professional commitments denied the possibility of continued service. To fill Dr. Stewart's position on the Committee, the voters of Plymouth elected Mr. John Pacheco whom we also welcome to membership.

In our reorganization of the Committee we selected Dr. George S. Wild to serve as Chairman. Mr. Erwin K. Washburn will continue to serve as Vice Chairman. They share a tremendous responsibility. We promise our support and urge continued community understanding.

As our year was ending, we shared with all of you in the thrill of having our band move towards a most successful participation in the Tournament of Roses parade in Pasadena. To the Band Parents and their sev-

eral successful committee chairmen, we offer our congratulations for a job magnificently accomplished. For the band members, we would express thanks to the many people of Plymouth and Carver as well as to their many friends throughout the area who provided such generous financial support.

Respectfully submitted,

**THE ANNUAL REPORT
OF THE PRINCIPAL OF THE PLYMOUTH-CARVER HIGH SCHOOL**

A number of significant events have highlighted the year 1970 at Plymouth-Carver High School.

Pupil enrollment continued to increase. With the projected population increases and the increase in pupil enrollment and services, careful thought must be given to comprehensive planning of our physical facilities. The Towns of Plymouth and Carver should work to remove any possibility of double sessions. Presently the high school is at maximum in utilization of its facilities. If we are to continue to give the students of Plymouth-Carver High School a broader curriculum offering and to maintain an effective teacher-pupil ratio, additional space is imperative.

During the year there were several changes in personnel. Mr. Paul Fleming from Westborough High School was hired as the new assistant principal. Mr. Silas Wade of the Science Department and Mr. Andrew Dietlin of the Foreign Language Department are on sabbatical leave. Mr. Dietlin's position is presently being filled by Mr. James Gadbois, and Mr. Paul Urban was hired as the new football coach and to replace Mr. Wade. Mr. Benjamin Hatch III was appointed as hockey coach and also to teach social studies. Miss Nancy Collings and Miss Joyce DeAbreu were additions to the mathematics department and Mr. Robert Mims replaced Miss Driscoll in that department. Mr. William Johnstone, of the Industrial Arts Department, has returned from a one-year program of study at Wayne State University. Mrs. Linda Pearson was a replacement in the Business Education Department. Mr. Arthur Axon was a replacement in the Industrial Arts Department, and Mr. Ronald Malaquias became Department Head of the Industrial Arts Department, replacing Mr. Patenaude who retired. Mr. William Searle was an addition to the Art Department.

We have been pleased once again to participate in the Foreign Exchange Teacher Program. Mr. John Smith, our English Department Head, is teaching in Crewkerne, Somerset, England. His replacement is Mr. Gerald Ellis who has come to us from that pleasant English community. Mrs. Alba Thompson is acting head of the English Department. Miss Janet Drury was a replacement in the Physical Education Department and Miss Carol Stern was a replacement in the Guidance Department.

The Telelecture Program was initiated by Miss Phyllis Boucher, Head of the Social Studies Department. This program offers an excellent means of bringing talented people to the classroom at a minimum of inconvenience to them. This simple procedure of using a telephone to contact resource people has tremendous possibilities for the English and Language Departments as well as the Social Studies field.

The English curriculum guide was revised during the summer under the supervision of Mrs. Alba Thompson; the literature requirements are presently under review.

A new program in occupational education was initiated in the fall of 1970 under the supervision of Mr. William Fairbanks. The program makes an attempt to utilize the strengths of a comprehensive high school and add the needed specializations of a vocational school to prepare students for work in the automotive world. The long-range objectives of the program are to graduate students who can fill a need for skilled, trained mechanics. A Speech and Drama course was introduced by Miss Draghetti and Mr. Briggs of the English Department.

The A.F.S. Chapter sponsored two students from abroad this year. They were namely, Heinz Parxamaier, from a small village near Frederichshafen, Germany, living with Col. (Ret.) and Mrs. Loren Thompson, and Rosanne DeCosta, from Colesio Estadual deGorania, Brazil, living with Mr. and Mrs. David Mostrom.

The Class of 1970 was a record-breaking class in the

amount of scholarship and financial aid received. Of the total \$121,355.00 received, \$105,805.00 was accepted and \$24,210.00 was the amount of local program. To the loyal citizens of Plymouth and Carver we express our deepest gratitude for your warm generosity, support, and faith in our young people.

Two significant events highlighted the year 1970. Operation Impact, under the leadership of Mrs. Alice Urann, was a two-day seminar series, designed by Plymouth-Carver High School students and faculty to offer exposure of life issues of vital importance to the young. Professional consultants of stature led the panels, and it was interesting to note that the most popular panels were those on Race Relations, Morality, and What a Young Persons Needs to Know to Prepare for a Happy Marriage. It is generally agreed that this project was an exciting first in Southeastern Massachusetts, that it achieved its goal: to spark thinking, to generate discussion; to inspire questions; and hopefully to find some answers that the young are seeking. "California, Here We Come" was the theme of the Plymouth-Carver High School Band, its director and entourage, as they departed for Pasadena, California to participate in the 82nd Annual Tournament of Roses Parade on New Year's Day. These were frenzied and exciting days in December for the troupe but ones that they will long remember. We are proud of their accomplishments and with a special gratitude salute the understanding and generosity of all those who made this trip a reality.

Without the inspiring leadership and dedication of the teaching staff, none of these activities could have been so successful. The teachers deserve the highest praise for their efforts. May I express my personal appreciation to the citizens of Plymouth and Carver, the Superintendent's office, the students and the community agencies for their support and cooperation. It is through their efforts that we implement our strengths to motivate the best education possible for all students.

Respectfully submitted,

WILBERT P. CINGOLANI,
Principal.

**REPORT OF THE
DIRECTOR OF PUPIL PERSONNEL SERVICES
1969 - 1970**

As enrollments increase, the role of the pupil personnel staff becomes more complex. The current demands of both the school population and the communities of Plymouth and Carver make it mandatory that we provide an individualized service for each person as the need arises. In the attempt to meet the needs of the current time and to fulfill the objective of increasing the potential of the pupil personnel services as a community service, the respective school committees have seen fit to add additional staff and to support recommended programs directed toward this end.

The new counselors were added to the elementary staff in September. Miss Maureen Martin and Mr. Brendan Riordan provide counseling services for grades one through six in the Plymouth schools. The Carver school continues to support a counseling service on a part-time basis. Full-time counseling services have been recommended to be initiated as soon as practically possible. Increased effort has been placed upon refining our pre-school orientation and readiness program. Through additional predictive instruments and evaluative processes, it is hoped that we can identify those children who need a more specialized approach for their successful school adjustment.

In order to increase the effectiveness of the existing counseling program, we have maintained our working relationship in a counselor intern program with the Graduate School of Education of Boston University. Counselor interns serve in an active counselor role to a prescribed number of students at both the elementary and secondary level and to date have been welcome additions to our staff.

During the past year, the Plymouth-Carver schools have entered into contract with the Plymouth Area

Mental Health Clinic which has its facility in Plymouth. This arrangement now gives the pupil personnel staff a prime referral and consultation agency in the all important area of mental health.

At the secondary level, Miss Muriel Stern was hired to fill an existing vacancy in the counseling staff. The computer assisted occupational and educational program was expanded to include scholarship information. In addition a group of intermediate school students were introduced to a new occupational interest program.

The counseling office at Plymouth-Carver High continues to have regularly scheduled office hours twice monthly. All citizens are encouraged to take advantage of this service. Added emphasis was placed upon providing meaningful experiences to as many students as possible. As a result, group counseling sessions have been initiated and present experience indicates that this technique should be continued. An in-service counselor training program was also initiated to assist in developing positive skills.

Post secondary placement of the Class of 1970 is as follows:

REPORT OF THE BOARD OF ASSESSORS

John F. Shea was elected to fill out the one year unexpired term until March of 1971.

Increased appropriations over 1969 of \$21.49, less new valuation amounting to \$6.83 for an increase in the Rate of \$14.66. However, 15 Million extra valuation from Boston Edison accounting for \$23.46, resulted in a decrease in the tax rate of \$8.80.

As predicted, the state reimbursements decreased another \$25,121.00, while the state and county payments increased \$49,093.00. This was offset by using available funds of \$68,369.00.

The expansion era which we have now entered due to Boston Edison has helped us to maintain a balanced tax situation.
